"Mob Wives" is such a monstrosity that it is beyond belief that a show starring several loud, cranky, surgically altered, unpleasant, and uninteresting women could be such a big commercial success; so much so, there's two spinoffs presently on television: "Chicago Mob Wives," and "The Big Ang Show," starring Big Ang Raiola. (Big Ang is a character in "Mob Wives," who is so big in so many ways she resembles a WWE wrestler in drag; with breasts the size of boulders and lips the size of limousine mud flaps.) "Mob Wives - Fuhgeddaboutit!" consists of my "Joe Bruno on the Mob" blogs concerning "Mob Wives," along with the responses I've received from my readers, both on my blog and on my Facebook page "Mobsters, Gangs," where I also post my blog. Some of the responses are hysterical; some are dumb; and some are downright obscene. I've tried to clear up the obscenities and the bad English the best I could. After reading this book, if you still decide to watch Season 3 of "Mob Wives," then there's nothing I can do for you. You're hooked and you're probably watching "Chicago Mob Wives" and "The Big Ang Show," too. God have mercy on your soul. And if you have never seen "Mob Wives" and are contemplating watching one of the three shows, or any combination thereof, this book might talk you out of doing so. One can only hope. Customer Reviews

Mob Wives - Fuhgeddaboutit!! found Mr. Bruno's book a real pleasure to read. He provides a new and I might say unpopular opinion the popular reality television program "Mob Wives". He tells it like it is! If you are one of the people who eat up the trash which is presented to you in viewing this television show, read Mr. Bruno's book for a reality check! Light reading and easy to finish in an evening. This was the first book of Joe Bruno's that I have read and it leaves me wanting to read his other books.

This is a must-read if you are a true fan of true mob stories. If you watch the t.v. show "Mob Wives" you will enjoy this storyline even more. The author of this series of mafioso books, Joe Bruno, is well versed in his ability to make the reader understand the lives of the underworld and its high or not so high profile mobsters, their wives, lovers, family and the whole nine yards.

so so book....not too interesting..never finished it.

Great storytelling and insight into the lives of the other sides of gangsters! Behind closed doors stories def a purchase I loved!

Don't waste your time or money. I'm glad I got this for free or I would demand my money back.

I haven't read yet.

This was a decent read...passed the time but was VERY repetitive. Had some good info but wished it had more.

VERY QUICK DELIVERY
