Customer Reviews

"This [DK Eyewitness Travel: Top 10] might be the best traveling companion to throw in your pack. It's a slim and sleek overview loaded with practical and useful content." [Gadling.com](#)"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." [Chicago Tribune](#)"The best option | Color photos, maps, and diagrams bring the place to life." [The Philadelphia Inquirer](#)

Unfortunately, I found this guide to be lacking in any really useful information. Restaurant recommendations were scattered and not arranged in a helpful way. As negative as I am about this guide, I cannot say enough positive things about the same publisher's 440 page guide entitled "Rome 2016". I bought them both on [Kindle](#) and the Rome 2016 book was like a bible, incredibly well arranged, useful information; it was like having a private guide the entire trip. If you can, get the more expensive but immensely more useful Rome 2016 by DK Eyewitness Travel.

It was the only Rome guide book on Kindle with this company - Eyewitness - and I only wanted theirs because of their lay out. I used their Rome book back in 2004 when we were there for a month having kept it in the bathroom with a pencil to circle all the places I "had" to see. In Rome we just took the section (the book had sectioned the city into various easy walking routes) with the places I wanted to see circled after reading all about the place in the description of each site/sight. So I didn't know why I wanted to go there, just that it was of interest. When we got to each spot I would find, for myself, what I loved about the place. With this trip to Rome for just 5 days, I was hoping to find a similar Kindle edition. They don't have one. So, I reluctantly got this one thinking it was better than nothing. Well, it went beyond my expectations. Yes, it wasn't as thorough as would have wanted it to be, but it was very useful, especially for someone going for the first time. I would recommend it to anyone, but if you don't need the Kindle version of a guide book I would say get the full Rome edition.

Best guide book ever!! Filled with practical useful information for all of Rome. Small and compact unlike the encyclopedia-like other guide books that go into overkill with mindless details. Part of

travel is the in the moment adventures. Highly recommend the DK Eyewitness Travel Top 10 series whether you are in Rome for a few days or an extended period of time.

I really liked this little book, but the information was lacking. Hours for attractions were not readily available. I ended up using my phone more.

A must have if you are going to Rome. Nice map and easy to find top destinations.

I love the top 10 books. Top 10 Rome covers the basic and includes two excellent laminated maps which I still find very useful.

That's all I've got on this item!

Nice, up to date and compact size to take with you.
