Customer Reviews

I'm not sure what book the other reviewers read, but it certainly wasn't this one. This book was not comprehensive and was full of grammatical errors. For an actual comprehensive Travel Guide, check out Rick Steve's or Lonely Planet. Alternatively, do your travel research online. It's free and can provide far more information about Vienna than you can find in the "Plan Ahead" guide.

I live in Hungary, and I've already visited Vienna a couple times, but just for shopping for christmas presents. With this guide, I could make myself a little tour around the city's most famous sights, so I'm thinking about spending there a couple days next time, so I can see every sight! I'm very curious

about the Liechtenstein castle too, I'll possibly visit it next year. Absolutely recommended!

Planning for a trip is a very exciting thing to be done, and being in Vienna is everyone's dream to come to. Through this book, you get tips to plan for your itinerary, what are the top tourist attractions, top day trips and excursions and a lot more. It is a good guide book for travelers and backpackers. I recommend this book

Vienna is my favorite among the European capitals and I have been wanting to go there for long but could never put the plan together, it's all so confusing. This Vienna travel guide was a big help, it's concise and to the point; the itinerary was helpful to get me started and create my own. Finally my travel is taking shape.

This travel guide book is a big help to kick off plans in visiting Vienna. It is one of the cities I've always wanted to visit. I was just hoping to see more photos of tourist destinations in Vienna. The itineraries and links given were also very helpful.

Quite a whole lot this book teaches about Vienna. The world of Vienna is painted with nice words. This piece peacefully carries you on a journey to Vienna while reading it on a spot. Lovely I say!

The item I bought from this seller was exactly as it was described. I'm perfectly satisfied with my purchase and the level of service provided, so I highly recommend this seller.

Great travel guide. I've actually been to Vienna before. This guide made me want to go back and visit some of the attractions I missed. Good read and very useful!
