Customer Reviews

Good read! It is romantic, suspenseful with so many twists and turns! This Arthur did a fantastic job of keeping all her characters straight!

Each story kept you from putting down the book The characters interacted well together and the plots were very good The stories at the end were a welcome surprise Would definitely recommend this book

Some great stories in here, but my favorite is always Kris Kennedy. Love her use of imagery and the HOT sex scenes. Will read anything by her.

I never know how to rate a book with more than one story. Do you rank the best story. Or rank the worst. Or do you do in the middle.

I loved reading all 4 of the books and I can't wait to read more on these from the author's.

Romance is the name of the game in this book. This book delivers what we all want more romance and excitement in our life. Overall I am very well pleased with this book and the excitement it has

brought me. This book had me unwilling to put it down until I turned the last page as I was so enthralled with the plot. The author of this book knows how to deliver the good in this romance novel. Would I recommend this book to other people? Yes I would including friends. I absolutely think this is great book. All opinions are my own and they are not influenced by anyone but myself. If this review helped you at all please vote yes below.

There were entire Pages missing in not only the first story but the second and I just gave up. I am not sure why there are missing pages but it sure doesn't make for good storytelling.
