His Human Vessel: An Alien Warrior Romance (Zandian Masters Book 5)

Synopsis

HE PURCHASED HER TO BEAR A CHILD...HE WILL ALSO OWN HER

SUBMISSION. Bayla's destiny had been set from the beginning. Her body would be used for sex and breeding. Nothing changed when the sexy Zandian doctor purchased her from the baby farm and brought her to his examination room. Nothing. And everything. Daneth has always lived in his head, letting science govern his thoughts and choices. Having Bayla in his lab shouldn't change that, but somehow the submissive human female gets under his skin. No matter how harshly he punishes her, she responds to his touch with passion, sparking a lust that threatens to distract him from his plans. When Bayla learns Daneth has a weakness for her, she presses her advantage, but she has no desire to bear yet another child and have it taken from her arms. If only she could figure out how to stay with the dominant alien doctor but avoid the pregnancy... Devour USA Today Bestselling Author Renee Rose's steamy stand-alone romance in the interconnected Zandian Masters series today! Publisher's Note: HEA guaranteed--the only cliffhanger is the setup for the next couple's book. This dark romance contains elements of BDSM. If such material offends, do not read this book!

Customer Reviews

I continue to feel that each book in this series just continues to get better and better. In this fifth one, the Zandian doctor, Daneth, purchases a test subject who immediately becomes much, much more to him. The pairing of the seemingly very different types in this couple is simply amazing and captures some of the best sex scenes that I have read in a while. There is plenty of kink and D/s with spanking. Bayla, the main female character is extremely unique, very sexy and very smart, which is possibly the key component that makes this story so good.

I love this series, but I think this one was my favorite. The Dr. Bought a human slave to breed his species. Things go awry, a misunderstanding insues, and our heroine goes on to pursue a different career for the Zandians. A surprise reunion brings them back together. Yay! I would definitely recommend.

My only wish was that the book was longer! I can't get enough of this species, so interesting and hot! :)I'm already looking forward to the next book!!!

I absolutely love this series!! I was so excited to read all of them, and I wasn't disappointed. When this one released I was abit doubtful that I would like it because our dear Doctor is such a cold fish, but I never should of doubted ms rose. It turned out wonderfully.

The love story of science vs natural in producing a baby! How two different characters find a forever love. Fifth book in the series and only gets better can't wait for the next !

ThanksÃfÃ Ã Å,Ã â™Ã â “ÃfÃ Ã Å,Ã â™Ã â “

I love everything this author writes! Read the books that come before this one to be able to follow all the characters, etc. Could not put it down!

This series just keeps getting better.Very hot - well worth the read.

LOVED IT!
