The Psychology Of Ethnic Groups In The United States

Synopsis

"I am most enthusiastic about this book. I designed the course and was thrilled to see that I finally found a good PSYCHOLOGY book with these incredible authors who are so well-respected in their field."

—Alyson L. Burns-Glover, Pacific University of Oregon
"Well-organized and comprehensive coverage of ethnic psychology."

—Judith Chapman, Saint Joseph's University

This comprehensive, research-based text allows undergraduate psychology students to explore fundamental issues and methods that distinguish the field of ethnic psychology within mainstream psychology. Combining theory with practical examples, it examines ethnic identities, acculturation, and biculturalism, while aiming to increase readers' sensitivity, awareness, and knowledge regarding the role of ethnicity and culture in human behavior.

Key Features
Diverse authorship that includes respected African American, Latino, and Asian American researchers
Significant theoretical formulations (on ethnic identity, acculturation, biculturalism, etc.) are covered, offering students a foundation for examining the relationship between ethnicity and human behavior, adjustment, and social conditions
Vignettes at the beginning of each chapter provide practical applications of key topics, while boxes and side bars give examples of relevant research, data, and commentary
Chapter-ending key terms, Learn by Doing exercises, and suggested readings reinforce comprehension and retention
Intended audience: Undergraduate and graduate students enrolled in Multicultural Psychology, Psychology of Ethnic Groups, Minority Psychology, Cross Cultural Psychology and similar classes.

I am most enthusiastic about this book. I designed the course and was thrilled to see that I finally found a good PSYCHOLOGY book with these incredible authors who are so well-respected in their field. --Alyson L. Burns-Glover""I am most enthusiastic about this book. I designed the course and was thrilled to see that I finally found a good PSYCHOLOGY book with these incredible authors who are so well-respected in their field."--Alyson L. Burns-Glover"The authors have provided a solid resource to the growing database on multicultural psychology. There are two outstanding features of the text that are worth mentioning. First, at the outset of every chapter (except the final chapter), the authors provide a vignette that illustrates practical applications of chapter material. The second major contribution of this book is the "Learning by Doing" exercises . . . These activities--or "mini-studies" as the authors describe them--will assist the reader in learning the information experientially and affectively, in addition to processing the information on an intellectual level."--Dr. Chammie Austin (10/13/2010)-I am most enthusiastic about this book. I'm on a tight budget and got all the textbooks I needed cheaper than the textbook rental online and the return policy is very reasonable. I was worried at first that I will get a well worn book but the one I got is in brand new condition.

Excellent book if you ever hope to understand issues of race relations in the United States. Very much a textbook, but excellent conversation nonetheless.

Required for school. Not much psychology or learning from this book.

Excellent Product

School required reading

The book was in great condition, no missing pages or markings. Book itself is a great read, very well written!

I received The Psychology of Ethnic Groups in the US in a timely manner and in the exact condition the seller stated it would come in. I was pleased with this purchase and wouldn't hesitate to buy from them again.
