Runaway (Wings Of Fire: Winglets)

Synopsis

Thousands of years before the dragonets of destiny were hatched, another destiny began ...Foeslayer the NightWing and Prince Arctic of the IceWings are legendary. According to the myths, before they became the parents of Pyrrhia's most infamous dragon, Darkstalker, Foeslayer and the NightWings kidnapped an IceWing prince. The act set off a bitter rivalry between the tribes that lasted thousands of years. But it all started so simply: Foeslayer and Arctic fell in love. They just wanted to be together; instead, a runaway dragon became a fugitive -- and changed Pyrrhia forever.

Customer Reviews

I love the Wings Of Fire book series. I also love the side stories that some (Not a lot) book series have. I recommend these books for Wings Of Fire fans... But if you are new to these books, I would read the Dragonet Prophecy first so you can have a idea of the characters. (Or even if you want to be VERY familiar with old and new characters, read the Dragonet Prophecy, through the sixth book, The Brightest Night). But then again.. It's your choice! I hope that this helped you!

This is the fourth novella associated with the Wings of Fire series. My son and I have read all the books. This one adds details to a story you know the basics of if you have read Darkstalker. Bittersweet since you know who things turn out, but such is the way of forbidden love and political manipulation.

This little story fills out the tale of Foeslayer and Artic, and how they met and fell in love. It also reveals what plans Foeslayer's mother, Prudence, had for her daughter. I love Tui's storytelling, and I look forward, I hope, to many more! Please keep them coming!

I think this and Deserter are my favorites out of the Winglets series,(just my opinion). I loooove the romance in it! It was so, uh, ROMANTIC. You should definitely read them in order, because they're connected a little. Personally, I thought this book was sad and happy at the same time. Because I read Darkstalker before this.I recommend you read this series if you read Wings of Fire!

This can really be viewed as an extended prologue to Darkstalker and that is not a bad thing! We really get to know Arctic and Foeslayer more as well as a surprising look at Snowflake and Snowfox. It's definitely over way too soon but is still a must read for any Wings of Fire fan!

It was awesome to read about Darkstalker parents and how they fell in love with each other. I loved this book.

I like this because the plot was very interesting and it also had a small twist with Foeslayer's mother. I recommend this book to WOF fans.

I loved reading Artic and Foeslayer's love story! I loved it more than assassin. It also talks a bit about snowflake.
