Wisdom Of The House Of Night Oracle Cards: A 50-Card Deck And Guidebook

Synopsis

For the fans of the #1 best-selling House of Night series, the Wisdom of the House of Night Oracle Cards provides a unique interactive experience with the vampyre Goddess Nyx. Packaged in a keepsake box with a guidebook, the deck contains fifty gorgeously illustrated cards, many of which are based on characters in the books. To begin, simply ask Nyx a question: "What should I do in this situation? What is going on with my relationship? What will result from my next action? Then select a card and consult the guidebook to discover the message that Nyx intends for you. Just like Zoey Redbird and the other fledglings of the House of Night, you will be encouraged to trust your intuition and make powerful decisions about your life! The Wisdom of the House of Night Oracle Cards is an original divination system, created by P. C. Cast and oracle expert Colette Baron-Reid. It draws inspiration from the Tarot, Norse runes, and the I Ching, but no special expertise is required to use these cards. The illustrations are by digital artist Jena DellaGrottaglia.

P. C. CAST is a #1 New York Times and USA Today bestselling fantasy and paranormal romance author and cocreator of the House of Night series. COLETTE BARON-REID is a popular spiritual intuitive, seminar leader, radio personality, and author. JENA DELLAGROTTAGLIA is a digital artist who has illustrated several oracle decks by Colette Baron-Reid.

I loved the HoN novels and read all of them with a hunger that was beyond words. Being a mature adult, it was surprising me to love a series aimed at teenagers, but I did. And when I discovered that there was a card deck to go with it, I had to have that as well. Now I have a very long history of studying anything spiritual and esoteric I could lay my hands on, three decades of research. So I could perhaps take of one star for the fact that the booklet's texts keeps the meaning of the cards rather superficial, but I didn't because I suppose that was on purpose, so uneducated teenagers with no prior knowledge of Wicca and other esoteric traditions are not put off and understand the cards easily. I for myself was able to go deeper into the wisdom by myself. Still, I would appreciate something a little bit more substantial personally. But nevertheless, these cards have been my constant companions throughout the last years and I have been able to do very accurate and empowering readings with them for myself and others alike. Therefore, full points and a big thank you to the author. She has created something truly magical!

P.C. Cast has done it again with this intimate and wisdom filled deck. I bought this deck because of the House of Night Books and found myself completely transfixed and to be honest I bring them with me everywhere. I have read for a couple of people and they raved and told me the reading was spot on. Both P.C. Cast and Colette Baron-Reid created a multidimensional experience in a more than attractive package. The artwork is divinely inspired and the meanings behind each card brings out a deeper understanding of the world around us and a deeper understanding of our place in it. Bravo and thank you!

This is a gorgeous deck in its own right - not just a TV knock off deck. I haven't actually watched the show. The cards are beautiful and insightful on their own merit. :)

I really liked this oracle deck. It was something new and fresh. I haven't seen one like this before. The art work is beautiful and I didn't know this was created after a book series. I am actually interested in reading the series now. Most of the reading were right on and I understood the reading later on as well. For me this deck just clicked with me. I would recommend this to other Oracle and Tarot readers.

This is a great deck of divination or daily devotion cards for anyone who would like to use something different than the traditional Tarot cards. The artwork and imagery is very well done, beautiful and meaningful. The cards are reasonably easy to shuffle and I love that this deck is edged in silver

instead of gold. The symbols and meanings speak to my consciousness and that is what is most important to me in a deck. I have not read the books that the images in this deck are based on. But, I intend to soon. I am very happy with this purchase.

The images are stunning, the guide book that comes with it is simple. my only true disappointment is the hinting story line that she teases the readers with. i read tarot cards and oracles, so i'm generally more update with those than young adult fiction hence why i found the deck. the images alone are super stunning if slightly out of context with the "names". i however don't have an issue reading the oracle without knowing the deeper context of the series. i do wish that there was some commentary in the guidebook about the fact is connected to the other series. other than that one thing, it's an awesome deck.

A more subtle deck of oracle cards, exploring more the shadows, in a positive deeper way. Received them this morning and have used them throughout the day , working with their subtle, deep, energy. These wont be for everyone, as they have deeper symbolism. Very pure and positive, delving into our shadow psyche. A quote from the cards ' not all darkness is bad, not all light good' i love the positive energy and the feel of these rectangular cards with square corners, they fit nicely into my hands. I look forward to using them in readings.

These cards are so beautiful! I love the silver edges of the cards! Whether a House of Night fan or not, these are a wonderful item to have. The book is also beautifully written with wonderful messages.
