Juliette de Bairacli Levy is a world renowned herbalist, author, breeder of Afghan hounds, friend of the Gypsies, traveller in search of herbal wisdom, and the pioneer of holistic veterinary medicine. Juliette has a long record of spectacular cures to her credit and the books she has written have been a vital inspiration for the present day herbal renaissance. Juliette was born on the 11th hour of the 11th day of the 11 month, almost in 1911 (actually 1912) in Manchester, England. Her parents were Jewish - her mother from Egypt and her father from Turkey. Juliette was raised in a household with three sisters and two brothers, a nanny, chauffeur, maid and gardener. She was educated at Lowther College, one of the best girls schools in Britain, and went on to study veterinary medicine at the Universities of Manchester and Liverpool. However, Juliette did not approve of the vivisection and animal experimentation that was going on in the universities in the name of science and health. So she left university after two years and went to study with the Gypsies and peasants

of the world. For the past many years Juliette has been coming to America every summer to give lectures, workshops and seminars on herbal medicine. In America she has become recognized as the grandmother of today's herbal renaissance. In 1998 at their HerbFest in Iowa, Frontier Herbs presented Juliette with a Lifetime Achievement Award for her contribution to the herb world. Ash Tree Publishing is honored to offer to you three of her most popular books and her "Juliette of the Herbs" video, enjoy!

This is the same book as The Illustrated Herbal Handbook for Everyone only it is updated and indexed better. Also, much cheaper.

This book is such an excellent resource ! A++ and highly recommend.

I heard about Juliette through the internet and have watched her biography. I then looked up this book, and am very happy with the amount of information she shares and how easy it is to read.

Lovely book on natural health. Easy reading and full of age-old knowledge.

good reading !! Wish I'd known her?!

kind of outdated and not organized very well. But admire her and her work.

Served it's purpose. I'd recommend this.
