Synopsis

It took real faith and courage to get Bethany back on a surfboard after losing her arm to a shark. The Soul Surfer fiction series is based on the life of surfer star Bethany Hamilton, as she and her friends discover God's love and guidance as they tackle the waves life hands them. This book is an inspiring book for people who love Bethany Hamilton and also the people who love God. In this story it teaches you about how to respect others and how to respect God too.

The Soul Surfers Series is a very inspirational set of books! Bethany Hamilton is my rock and my idol because of how much she is able to do with only one arm. My arm was paralyzed in a motorcycle accident and because of Bethany Hamilton I amputated my arm, these books really helped me form the decision to have my arm amputated and to feel comfortable with it.

Even if your kids aren't fans of Bethenny Hamilton, they will enjoy this series, which helps them work out and see what others would do, not always perfectly - in the Soul Surfer Series. Dealing with friendships, what secrets are good to keep, and compassion for people who make your life tough - my girls tore through these books and have re-read them. I read them and found them useful to bring into conversations.

It is a very good and awesome book because it is about God and friendship that is about sticking together.

I wish everyone learned what Bethany had to go through she was really tough out she did not want anyone to help her

This book is soooooooo good. It teaches a lot about how God works in everyday life. Also there's a bunch of surfing. Plus I'm a huge Bethany Hamilton fan. If you are Christian, a surfer or a Bethany Hamilton fan then you should read this book!

I have read almost all of this series and i think this book is my favorite! I think this is a good book for all girls (I am 13)!
