Beautiful Winter: Holiday Wreaths, Garlands, & Decorations For Your Home & Table

Synopsis

As autumn turns to winter, why not bring a touch of nature indoors by creating a charming bark wreath bursting with red roses or a twig globe entwined with delicate amaryllis? In *Beautiful Winter*, author and florist Edle Catharina Norman shows how to use seasonal materials and flowers to put together 53 entrancing and easy to assemble home projects. From festive garlands to fun table decorations (including candlesticks made of apples), you'll find an array of unique ideas to inspire you. Illustrated with more than 55 full-color photographs, this book presents glorious decorations that will warm your heart on even the coldest winter day.

Norman takes us from summer swelter into the solstice s leafy comfort of fallen twigs, bark and moss, and into the ideas that sprout from all that stuff that falls to the ground....The process is aided by a foreword full of equipment suggestions, plus a forest of photos that alone tell the story of wire pinning, joining branches, and softening almost any wood to manipulate into decorative shapes.

There are some really simple, cute ideas in this book. Even if you have no artistic ability, I think you would find this book very helpful.

This is a small book that can give you ideas to make some relatively simple but nice looking wreaths and other decorations for winter. Included are; wreaths, Advent, Christmas tree decoration ideas, party table decorations, candlestick and vases and winter decorations. There is information on tools, equipment and materials needed, as well as some good helpful information on making the wreaths. One would wish there were more small pictures to give assembly instructions, although, if you are an experienced crafter, there would not be a problem assembling the wreaths from the finished pictures that are shown. Many of these wreaths and decorations are simple, naturalistic with curved branches or bark and twigs. They are not the lush overdone ones that one sees in many decorator books. We especially liked the candlesticks done with apples for their base. This is a pleasant change from some of the decorating that over powers some homes.
