## Customer Reviews

A good reminder of the things we can do daily to improve or create a positive outlook on the challenge and setbacks commonly faced. An easy read, with nuggets of wisdom applicable to all

ages. Read this on Sunday night and you'll be ready for whatever the week ahead brings.

Fun read

A lot of people have a negative attitude for everything and their life is a mess. Reading this book and acting following the author recommendation may change your life.

Written in an easily understood fashion, this little book demonstrates simply how changing our negative thought processes to positive ones will reflect positively on our attitudes which in turn lead to a more content and happy way of living. Sometimes the problems of life seem overwhelming, unfair or simply inconvenient. The author addresses the issues constructively, and problems we all may experience are considered thoughtfully with appropriate suggestions made. I enjoyed reading this thought provoking book.

This book explains how a positive attitude can really change not only your life but how others see you. It is full of example and explanations of how positivity can benefit you. Everyone must have this knowledge!

I love this book about being and act positive! It should all be more aware of positive thoughts and attitude. Like it a lot!
