# Wake Up!: God's Prophetic Calendar In Timelines And Feasts

## Synopsis

Why do so many churches say so little about the return of the Messiah? Perhaps because a great deal of theology has been disconnected from its original roots. However, the biblical feasts, the ancient Hebrew wedding ritual and the harvest cycles give a sharp and breathtaking picture of the future according to God's Calendar and His plan of Salvation. We are now at a point in history when the last three feasts will soon be fulfilled by Jesus Christ. Further, God has put concrete timelines and cycles in the Bible which are connected to these patterns of evidence. Several timelines point very specifically to our time. Wake Up! takes you on a journey of discovery, combining information from NASA, the Biblical Feasts, timelines, jubilee cycles, endtime prophecies and very special shadows and images that have significant meaning for Christian believers and for the Church today. The New Covenant application of these ancient shadows will probably surprise you. This 500+ page book has been thoroughly researched and is well documented, with more than 1700 footnotes. Wake Up! has already thousands of readers in Europe. Although the kindle version is great, we certainly recommend buying the paperback, because it is really an amazing studybook with diagrams, patterns and timelines.

## Customer Reviews

Wake Up! is the most interesting and surprising book that I've read in the last 40 years! It's packed full with information about all the things that make these times so exciting and intensive for believers.

Although I am still reading this 500+ book I already want to say how much I enjoy reading Wake up! It is a treasure trove of knowledge of biblical patterns. I love the fact that the authors are not theologians; their writing and their viewpoints are so refreshing. I feel that this book should be read by all Christians. I learned so many things, for instance that Jesus Christ was born around the period of Tabernacles rather than on December 25. The book uncovers biblical timelines that indicate the return of the Messiah.

Lay down all other books and start reading Wake Up! first. It's message is both beautifully amazing as utterly confronting.
