Customer Reviews

Great book, very informational, many pictures and maps and good ideas about how to spend a few days in Vancouver. It actually has lots of very helpful information. Great read before heading to Vancouver or Victoria! This was a gift for someone who would be traveling in that area. Great

all-around book with a lot of helpful info and tips.

If you're looking for a comprehensive guide to the city with in-depth recommendations around dining, hotels, shopping and activities, this IS NOT the book for you. While the overviews are insightful, they are not enough to do in depth planning.

This was a generous synopsis of the city. It was useful but I just wish it had more headings or subject titles so I could easily see the parts that I needed instead of reading through paragraphs.

Great information, and from looking up much info online, it seems very up to date and accurate. Generally their recommended restaurants and attractions were spot on. Very helpful on my recent trip.

A basic review of Vancouver as a tourist destination. More of an overview with few specific details. Not enough detail for planning but a decent summary of options.
