Leap & Hop Sri Lanka, Children Travel Book

Synopsis

Leap & Hop is a series of cultural travel books written for children aged 8 and over by Isabelle Demenge with illustrations by Emilie Sarnel. The idea of the series is to turn a grown-up trip into a fun adventure for children. These interactive books aim at getting children to discover new places and learn about other cultures through interesting information as well as games and activities. For parents, the books provide an ideal way to stick to a grown-up itinerary with a focus on cultural sites, and to create an unforgettable travel experience for their children. As kids play along by drawing, writing, and collecting items of interest throughout the journey, they'll find themselves creating a very personal souvenir as the book is transformed into a travel scrapbook for them to keep.

Leap & Hop Sri Lanka takes you to the Cultural Triangle in the centre of Sri Lanka where you can spot the differences between the two Buddhas in Dambulla's cave temples, learn about the tea production, identify different dagobas in Anuradhapura and stone carvings in the Embekke temple while playing detective with local prices.

Book Information

Ring-bound: 94 pages

Publisher: Asia One Books (March 10, 2014)

Language: English

ISBN-10: 9881697867

ISBN-13: 978-9881697868

Customer Reviews

Isabelle Demenge is a native of Paris who moved to New York City to start a family. She has lived many lives: corporate finance lawyer, mother of three boys, amateur photographer, world traveler and writer. Facing the difficulties of traveling with children in Cambodia, she decided to write for her kids the book that she couldn't find... Having passed her kids crash-test, she continued developing a series of children's travel books for other destinations. Her books help families move from kid friendly destinations to places that are culturally richer in a way that all will enjoy with information hand-picked for children and interactive games.

We purchased this book for our 5 year old daughter and 11 year old son prior to our fantastic trip to Sri Lanka. They read the book together prior to our flight and started doing some of the fun activities on the plane on the way there. So they were already excited, informed and involved when we landed. The book's ability to present historical, cultural, and geographical information in a way that is fun for the kids yet intelligent and thought provoking is extremely impressive. It truly made a major contribution to our kids' enjoyment of the Sri Lanka trip. Great book.

I love this book. It is original and colorful and provides detailed cultural activities that connect kids to this beautiful land. It makes children use their left and right brains to complete some of the games and challenges. Since it connects kid to country, it is one of the few books that I will never get rid of. It is just so personal and a great way to remember the trip!
