This was an amazing read. I am obsessed with personal development, have been to many Tony Robbins' live events, and listen to others like Les Brown, Greg Plitt, Eric Thomas, Jim Rohn, almost every day. I could add Keara Palmay right up there with my list of top motivators. She speaks from

her heart and shows you a step by step process to uncover your own personal calling in life, and how to put together an action plan to move your life in that direction. I absolutely LOVED this read. It is a powerful book that I know I will be referencing for years to come.

Keara palmay is an enlightened and divinely guided young author...and I look forward to the many future books she will write...she is filled with the grace and light of inspiration and motivation.. For a young woman she walks with great wisdom and courage..having survived cancer years ago and overcoming the fears, trials and tribulations she has risen above what most of will never endure. She is an amazing young woman and blesses everyone lucky enough to come into her light ..she continues to surprise us with her insight and passion about rising above illness , and maintaining her optimism , strength and power... keara, having endured the sudden and shocking death of her father last year continues to amaze us, enlighten us and teach us about the meaning of life.. I look forward to more of her work in the future!!!

So much wow packed into one book. From the cover to the forward to the last page, this book is awesome. I even had to take notes because of the realizations I had. I'm going to re-read it and make sure it all sinks in. Tons of great insight. Favorite.

WOW...All I can say is wow. The author really hit it home with an incredible book about how to truly get the most out of life. This is a MUST READ for anyone looking to improve the quality of their life in any area.

There are those books that as soon as you open them you instantly get hooked and connected to the message of the author...thats how this book is. Not only is the writing so appealing but the lessons guide you to understanding yourself better mentally. By this I'm refering to those pesky mental blocks that keep you from ultimately achieving your true potential. I would highly reccomend adding this to your collection if you want to improve your outlook in life!

Grounded enough to stay relatable, yet lofty enough to inspire change, Palmay's combination of levity and gravity keep her message buoyant, poignant, and most of all, practical. Skip the self-proclaimed gurus whose recycled mantras will just end up back in your recycling bin. Take a spin in the driver's seat and give 'Dominate Life' a read, and awaken that savage you have locked inside of you.

Congratulations Keara, such an amazing book. Once you started reading, you're hooked and you'll have a hard time putting it down. Everyone must read it! This book motivates and helps you understand yourself and makes you a better person. I love your style of expressing your personal beliefs. Great lessons and teach us understand more the meaning of life. Thank you. I can't wait for your next book.

The author is a great motivator, and her writing/coaching style definitely reached me personally. She really helps you get your priorities straight, in order to accomplish what you want in your own life. This is a must buy!
