Kiss Of A Vampire: Paranormal Romance (Calder Witch Series Book 1)

Synopsis

A run away psychic. A century-old vampire. NOW: An ancient witch prophecy that seeks to destroy them both. Travelling alone is dangerous. Only the quick witted survive. Tessa's visions have saved her time after time again. But now her world is about to be turned upside down. Her visions alone, won't save her this time. Kristian has lived by himself for centuries. He will never forget the one who made him but was forced to kill her. Not in over a century has Kristian has he been so taken. He is immediately drawn to Tessa. A perfect love story, right? When a coven of powerful Witches, the Calders, who are seeking to abolish vampires from the face of the Earth appear, Kristian must now fight not only for his own survival, but to protect Tessa. What do they want with her? Don't miss out on Kiss of a Vampire, the first of the Calder Witches Series by Martha Woods. You'll instantly fall in with love this fatal attraction, because it comes with a seductively ravishing bite! If you like strong female protagonists, alpha males and deadly consequences than this vampire paranormal romance will have you turning the pages all night long. Customer Reviews

I would like to thank the author for giving me the opportunity to read and review this book. I was very nervous about this book because I had gotten multiple e-mails from this author asking if I would be able to read and review almost all of her books. I have to say that I was pleasantly surprised. I admit, I enjoyed this book and I can't wait to read the others. The only major problem I had was with the romance, it happened at the drop of a hat and was very abrupt before I could feel anything for the characters. I think it was also the cover that gave me some reservations about this. I think it's beautiful but it also gives me the feeling that the book isn't as good. Maybe because I've seen covers like this and the stories just were not written well. The other problem I had with it was just a little thing about Tessa. She knows that she's been followed by the Witches for three states and then she goes and says that they were behind her before she met them? No sweetie, that means they were following you long before you met the vampires. Besides those problems though, I really enjoyed this book. The pace was perfect for how short it is and the plot was engaging and really sucked me in.

I was contacted by the writer in hopes I might like to review it. Along with other reviewers, I do agree about the fact it really needs a proof writer. I like the story. Tessa is a runaway, can read minds, doesn't know why. She is being chased and again doesn't know it. Leaves with a vampire just because he asked her too. The story kinda goes from there. But for me overall it felt like it was a layout for a book, like a fill in the blanks, with the real story would be coming out a later date. The description had more background information about Tessa than the book did. She has nightmares, ok but huh? The nightmares just gets thrown in there with no reason, important piece of the story, I am only guessing about them. One thing that stand out at the end of the book she texts "Game On". to who, why? What? Huh? This book story itself was interesting enough that if it got more flesh out, added a few things that gives you more ideas about why, etc I might be interested in reading it again.

Terrific beginning, this is book 1 of a 3 book story. It introduced me to the major characters I imagine in the story/ies to come..... Tessa a mind reading human with a troubled childhood, then there is Kristian our hunky Vampire, who has fallen for Tessa. The other. Characters introduced in this book are Veronika, Kristian's sister also a vampire her love interest Morgan, Alley who is the leader in the "army" of the Vampire coven, and also several minor characters, the protagonists to the Vampire family is The Calder, a witch coven, who will do anything to make our heroes lives miserable. The

characters having been introduced the storyline is also introduced though there seems to be far more to come obviously. The characters are very likeable, Tessa and Kristiane are in love and prepared to move on together. The story has much more to come and the basics have been laid out. This is the first book I have read of Martha Woods and I found it interesting and have already begun to read the next book in the series "The Witch's Prophecy. I am also looking at other books that Martha Wood has written. I found her writing style very easy to read....I have no qualms in saying to anyone who enjoys Paranormal story's that this is an interesting book and one I feel happy in saying...grab this book and read it. I am sure you will enjoy the book and like me, you will be looking for book 2 immediately after finishing The Kiss of a Vampire"

I got this book for free when it was first published, but I didn't do a review then, simply because there were so many typos and grammar errors that it drove me nuts! But the author is working on it, and will hopefully get more help - because she really has stories to tell!. In spite of the irritating errors, she has imagined a paranormal world that gets more fascinating as her stories unfold. Our heroine, Tessa, thought she "heard voices," and was therefore crazy. When she finally realizes that she's reading the minds of people nearby, she joins up with one traveling fair after another, making a living as a fortune teller. Meeting the sexy vampire, Kristian, changed everything for her. When he realizes what she is and what she's done to him, he kidnaps her. That developed into a love affair between strangers awfully quickly in my opinion, but that may be because it's supposed to be a "short story"! And they do have enough chemistry to keep the reader going, and it does get better with every book. I checked today, and this first book is still free on . Please, be brave and give it a try. It has such promise, that it could even be developed into a great movie with a little help from the right folks. Those five stars on my review are there because I believe that! :-))Jgtimm

An intriguing story with likable characters. Badly needs proofreading & typo repairs. I wouldn't normally negatively ding for this in a review, but the errors were often so glaring, they disrupted the flow of the story. Please fix these errors, as I believe you've really got something special here!

Overall I enjoyed the story, however, there are things about it that in the end made the overall rating suffer. The story is told in a halting manner. The conversations did not flow easily and jumped around. As result, I felt as if I had to work to read even if it kept me on my toes, versus reading leisurely. Last point is about the typos. We all have stories we could tell, me included about typos. But, the typos were too distracting and took away from the book. At this point I am neutral about a

recommendation for "KISS OF A VAMPIRE. " Tex.
