Book by Wilcox, Ken

I live in Snohomish County and enjoy hiking. The info in this book is slightly outdated but good. However, the authors tone and negativity about some of the trails is a bit annoying. He suggests things like this trail could be better if it kind of is a turnoff as I am picking hikes and makes me feel a bit uninspired.

Way outdated. Needs to be brought to current decade. Page 217 Neiderprum Trail very misstated.

I have used this book many times for many years. It is full of great information for hiking and short walks around Snohomish County. Info like elevation gain, points of interest, directions, round trip time, difficulty level and more. It is small and easy to throw into a day pack.
