I used this book for volunteer tutoring of first graders in a local school. The 'lessons' were fun for the children and did help them learn. Since I work with several children, I separated each page from the book, and placed each page in a clear (NOT the 'non-glare') page protectors. We used dry erase markers to fill in the answers, and after the lesson, the page just gets wiped off for the next child. If the dry erase has dried, hand sanitizer on a tissue worked. I have been using these books like this for two school years. These books really make learning fun, and the kids enjoy our reading sessions

I have used the kindergarten and now the 1st grade sight words. These books are beyond worth it. It makes learning the words fun and easy by doing one page a day or even every other day. I homeschool my daughter and I thought these would be a good addition to our curriculum and I was right. She always asked to do her sight words book and enjoyed learning new words and doing fun activities. She is halfway through kindergarten and can read most books level 1&2.

This is for my 4 year old granddaughter to learn word going in to preschool this fall. Love that her 6 year old sister is trying to teach her. Great

It's really helpful for my 6 years old son. He's not native English speaker, he's learning since two years at IB school. After I received this book, we've worked 20 min. everyday, I started see progress to him.

The words are on the easy side for my child going onto first grade. I wish it was a little more challenging. It's more of a review of words he already learned in kinder.

Very small, can buy much larger books with 4 x's the pages at SAMS club for the same price. Would not buy again.

It is very useful to my 6 year old daughter. We used this 15 mins every night and I can see progress on her.
