# Island Of The Cavemen: Broodmaiden Bundle

## Synopsis

Stranded on a mysterious island populated by hulking barbarians from another age, four innocent young women will be chosen to bear the children of the tribe's biggest, most virile males. Can they overcome their fears to sate their captors' savage lust? This compilation contains four sizzling stories from Fannie Tucker's bestselling series, *Island of the Cavemen: The Original Tale*. On a newly discovered island shrouded in fog and mystery, a university expedition expected to find moss, grass, and birds. Instead, they found they weren't alone. When a mammoth and a band of primitive hunters drive the expedition from the island, one woman is left behind. In the darkness, she'll soon come face to face with three hundred pounds of muscle and testosterone driven by a single-minded desire for her innocent young body. And she'll learn that what she fears most is the desire in her heart.

**The Mammoth Lord's Broodmaiden** On a remote island shrouded in fog and lost in time, a clan of fishermen lives under the constant threat of their savage cousins. The Hunters take what they want, and the clan's young women are the price of peace. Chosen to bear the Mammoth Lord's heir, young Laya is taken to a secret valley, where she must find the strength to endure a hulking brute's raging desire.

**The Mating Ritual** They should have known better. They should have called someone. Letting the wealthy young businessmen lure them onto the big yacht had been foolish, and now Hannah and Taylor find themselves cast onto the shores of a fog-shrouded island, traded to hulking Neanderthals for priceless artifacts. In the caves of the Neanderthals, Hannah will do anything to protect a friend, even subject herself to the depraved lusts of the cavemen. In a pit surrounded by savages, the Neanderthal shaman will prepare her as an offering to their champion, a massive mountain of muscle and hair who will use her slender young body as a vessel for his lust... and fertile soil for his seed.

**The Chieftain's Broodmaiden** After a daring escape from a smuggling vessel foundering in the North Pacific, Nina finds herself cold and wet on a dark shore. The light of a fire reveals a race of primitive Neanderthals who sweep her away to their lair, where she will be an offering to their chieftain, a hulking monster of muscle and testosterone driven by a single-minded desire to plant his seed in her innocent young body. ## Customer Reviews

I enjoyed these short fast paced stories. Reading other reviews I knew what I was getting into. It is written well and I like that there isn't too much filler in the story where you find yourself skimming through pages waiting to find out how it ends. The only problem I found was the ending I wish these were longer and more actual story where maybe these cavemen had more to them

I loved these stories. They were so gritty and good. I haven't read that much of this kind of story, but I liked it. The only other stories I've read like this are Nadia Nightside's stuff. If you like primal banging, you'll like these stories.

Some big naughty Cavemen in here....descriptive, fun and pretty dang hot. Fun read Fannie Tucker.

WAY overpriced for the amount of book you get! These are not stories, they are scenes. The writing is good and that is why I took a chance, but I was super disappointed. Each couple has relations once and story over! The potential for a great series is there. If this author has any full length books I will certainly give them a chance, but this one is a NO!

Great collection of hot and sexy short stories! Always a fan of Fannie!
