# Their Treasured Bride (Bridgewater Menage Series Book 4)

## Synopsis

Rebecca Montgomery never expected to leave London and go to the American West, but this was how her brother saves her an impending marriage of convenience. She also never expected her brother to marry her by proxy to a trusted friend before dying on the journey. She quickly discovers that the Montana territory is a far cry from England, and so are the expectations of a wife at Bridgewater Ranch, for she's married not just to Dashiell, but also to his friend and fellow Scot, Connor MacDonald. Dashiell McPherson never expected to find himself wed to a woman he's never met, especially not a prim lady raised to believe her sexuality is something to be repressed rather than enjoyed. Can an inhibited woman accept not just one but two husbands? It will take ample Scottish brash, a fair amount of brawn and plenty of carnal persuasion to free Rebecca of her inhibitions and show her how treasured she is. This fourth book in the bestselling Bridgewater series continues the saga of this polyandrous Western community where men are men, and their women are pleased in ways that will have them - and readers - begging for more. ## Customer Reviews

Another fabulous story in this amazing western historical ménage series! I am addicted to these books! I love all the sweet protectiveness and utter devotion these men have for their woman! It takes lust-at-first-sight to a whole new sexy level!! The steamy erotic ménage is so caring and sensual that I can't help but wish I was in Rebecca's place! Really steamy and seductive..loved it!A highborn British woman finds herself traveling alone to Montana to claim her husband by proxy, with no other options or means, Rebecca trudges on until she sees the Bridgewater Ranch ahead...oh Lord..look at all of these big, strapping handsome Cowboys...Rebecca now has to hope Dash McPherson will accept her and their marriage. Dash is a strong, dominant Scot, and intrigued...he didnt know he had a wife...but the curvy lass was very fetching and in for one hell of a surprise..Rebecca didnt just have Dash as a husband, no, she has two...another big manly Scot, Connor, as well...now each has to convince Rebecca to stay by kissing the starch right out of her uptight prickly British spine if they have to...and show her how great pleasure can truly feel when the right two men treasure her gifts of love. It's just so swoon-worthy!!!!I'll stop all my gushing now and just say...get this book!!! Get them all while your at it!

I cannot write an objective review for Vanessa Vale. I admit it. I am hopelessly addicted and will refuse any attempt to cure my addiction. I have read and reread all of the Bridgewater series, but this is my favorite. Rebecca is so much in her own way in this novel. Her boarding school upbringing holds her back and remains an obstacle in her building relationship with Dash and Connor. I love how she fights their attentions, how she fights against her sexual awakening. If you are a romantic, you might be able to make a case that this series is not about romance but all about domination. I, however, find the idea of a big, muscle bound rancher tending to my every need and happiness very romantic. I have almost 700 books currently on my kindle, but I have to reread at least one of Vanessa Vales books every 90 days if not more often. Don't judge me. I adore a Vanessa Vale man.

Interesting Theme for Book 4!! I think that this is the first book a read that the theme was marriage by

proxy. Rebecca was trying to run from an arranged marriage. Her brother is the one that married Rebecca to someone by proxy. ( From London to America ) Now, Rebecca has to travel to America to meet her husband for the first time. Little did she know that in fact she was married to 2 husbands not 1. It was a fun read.

So very addictive I find myself finishing one book and I just have to get the next. I'm wondering if there is a Bridgewater support group out there. I truly believe that I find myself wanting to tumble down the rabbit hole. Just so I can make my way I to Vanessa Vale's world she has created . So far I have yet to be dissatisfied or disappointed by anything with in this series.

This is just one of those books that I couldn't put down until I finished. This is a historical menage romance featuring a young woman that finds herself suddenly alone in a foreign country after her brother's death. Just before dying, her brother had her married by proxy for her protection. What her brother failed to tell her was that her marriage was not to one of his friends but two of them! Let's just say innocent Rebecca is in for quite a surprise when she arrives at Bridgewater Ranch! While this is the fourth in the series, technically it can be read as a stand-alone. However, once you've read one you'll want to read them all. I just bought the rest of the set.

Bridgewater Ranch is growing. Rebecca shows up sans her brother, showing she is married to one of these fine men. Little does she know, they don't come one at a time here but in twos and threes. It is a definite learning experience.

The Bridgewater community continues to grow with Rebecca's story. I can't get enough of this series. Love, steamy sex and always a HEA for all. Fun quick reads great for a cold winter day with a blanket or a vacation in the tropics.

This was as hot, steamy and well written as the others in the series. She pulls you into the characters lives quickly and completely. You want to see how it ends. You care about the men and their woman. I've said it before and let me say it again, Vale made Westerns interesting to me. Great job
