Ghostly Issues (A Harper Harlow Mystery Book 2)

Synopsis

Harper Harlow has the world at her fingertips, and the weight of the world on her shoulders. Whisper Cove's resident ghost hunter finds that her professional life is soaring while her personal life is floundering. She's on a man diet and nothing is going to tempt her, or so she swears. Jared Monroe thought ten days away was nothing until Harper's anger hit him square in the face, and the heart, upon his return to town. He didn't mean to hurt her, but a woman's anger runs deep. When a teenager is found in a local park, Jared and Harper find their paths intersecting again. Derek Thompson may have been looking forward to a bright future, but now he's only looking back at a tortured past as his murderer runs free. Jared and Harper have to work together and face their issues if they want to put Derek to rest. Working together is a great idea until their hormones get in the way. Can this couple find common ground? And, more importantly, can the dark underbelly of Whisper Cove survive the sordid truth? Only time will tell, and Jared and Harper are running out of it.

Customer Reviews

I love the interactions between roommates Harper and Zander. They have been best friends since school started, and will more than likely be best friends for life. And Harper's love interest Jared fits right in, except when he screws up. Relationships, small town life, murder mystery, and ghost whispering, what is not to love.

Ever have one of those cold days when you want to cozy up and read without having to analyze the character, plot or think too hard about who did it and why? This book is for one of those days.. You don't have to think too much, just sit back and enjoy the story about love, friends and a little mystery thrown in for fun!

There it is again. The "I..." it is used so many times, it aggravated me throughout the book. Can't the author not use that? Also there were many words left out of sentences. It needs to be proof read a little bit closer. The book was very predictable.

Again I could not put the books down my eyes just ate the words up here is still humor and mystery in this lovely ghost book. It has not gone off the rails like some books do where you think ok it's a normal book with a ghost and then gets all crazy. Very good story line where it does not go astray.

I like these books because of the mystery and characters. Good feeling! Relaxing reading. Wish they were longer than they are.

Was a good read. However it was not as deep as I am used to! I would recommend the book to others!

Good main story but too much too soon for H and J. Think a few more stories b4 them getting so close. Zander is the best though. I think his love for Harper is genuine.

It's another fun read. I like the interaction between Harper and Zander. And the mystery was very good. But the relationship between Harper and Harlow does feel very high schoolish. They fight over nothing and there's a lot of the "You're so cute" dialog. I think this series might be better if the focus returned to Harper and Zander solving mysteries. That being said, the book was entertaining.
