If you are taking real estate classes and are required to have this book - it's good! Even if you aren't taking classes, but want to learn more about the real estate field for personal use - It's great! This book is so easy to understand and has quizzes at the end of each chapter - the answers are in the back, one of the best ways to learn!

Doesn't exactly match the criteria for my real estate course, but still contains most required information regarding real estate.
