Thought this was sheet music, it's not sheet music...

My nephew LOVED this

I'm a beginner\intermediate and this book is a pain to read and learn from, other books I have simplify the same song so you can play the songs in minutes

This includes Foo Fighters greatest hits and the notation is easy to read and use for guitarist. I think it's very accurate. Definite great value for your money.

Bought this as a gift and he loved it! Great songs!

This book is a must have for all Foo Fighters fans that play guitar. It has notes and a 100% accurate tab. It deserves more than 5 stars in my opinion.

has the chords, tabs, and is easy to follow. great for any foo fighters fan and I would recommend it for anyone learning guitar

Bought this for my son. He plays guitar and this is a group he really likes. Songs are available for download so he can play along.
