Vocabulary Workshop, Level A (Grade 6)

I've been using these series since I was in college tutoring elementary - middle school kids. And with each new edition, they get better. Now I use it with my own kids. comparing this series to other popular vocabulary workbooks, I prefer the format, various genres of stories, and repeated practice. It really helps the kids to not just learn the words, but also utilize them in everyday writing.

These are a must for my middle school students. Some people in education are talking these down and telling me they only drill students but I am hearing my students use these vocs daily and am seeing examples in their writing. My wife used these in the 90s but they have changed and include cool website resources. The only downfall on my edition is that the QR codes don't seem to work.

It's a good thing compared to the price.

Good tool for ESL students and younger kids

excelente gracias

Very pleased with the book. Teacher approved!

Prompt delivery. Item as described and in excellent condition. Thank you.

Extremely disappointed the majority of the book was used. For the price this was a complete rip off.
