Customer Reviews

Very worthwhile book for the summer time. We were worried about losing the reading gains our child made during the school year. This is a good book for use during the summer or school year.

Love this for my daughter to continue to learn !!

A great way to work on some sight words and help your child improve their reading skills.

If my granddaughter uses this book she will be prepared for second grade.

Perfect balance of challenging and fun! My boys love it! Great for the summer to get them ready for the next year! And for the price you can't beat it.

Help with reaching a goal...making it through second grade.

Good book to help younger children expand their vocabulary!

Wonder book for kids to learn simple values.
