## Customer Reviews

I have read a lot of these books about saints and prophets etc. And I always knew that they had incredible devotion and prayed for long hours. What this book brings out is the sacrifices that these three kids endured to help souls avoid hell. They donate all their pain (some self inflicted) and mistreatment and bad luck to heaven in order to buy salvation for souls that would have otherwise been sent to hell. They kind of enjoy punishing themselves as a sacrifice. Through the quotes you get a good feel for how Mary and Jesus look at things and what they expect from us. This book is a definite read.

This should be shouted from every news media throughout the world. ITS ALMOST TOO LATE - wake up and listen world.

While I had read many books and articles about the Miracle at Fatima, I was always wanting to read Sister Lucia's account. She had written not just about the visitations and visions but also how it affected her cousins and her personally as children. It is amazing that children so young could be so devoted to Our Lord and Our Lady! This account is touching in that it chronicles also her love for her cousins and the effect their passing had on her. This book brings the account "home" - I mean, with the other details added, it makes it more real for the rest of us. It has helped me to try harder to say the rosary daily once again...I recommend this book especially if you need your faith renewed and revitalized. Sister Lucia and her cousins Blessed Francisco and Blessed Jacinta show us that we need to be as children in our faith and devotion. In these times, we need to heed the Message even more than before.

When I visited Fatima in,2011, on my way to world youth day in Barcelona Spain, I bought this book and loved it. I loaned it to someone and never got it back. So I am very pleased to have it on my Kindle app. I have searched for this book for a couple of years. I'm not very tech savvy and it was

only after 6 or 7 tried that appeared. I purchased it immediately, so as not to "lose" it again.

This was a very good book explaining the life and visions of the three children of Fatima. I recommend it to everyone to strengthen your faith.

An inspiring account of the lives of the three Fatima saints. The detail in this book is touching and gives a profound insight into these children. If you want to know more of how Lucia, Jacinta and Francisco lived after the Fatima apparitions, this is a good read.

It was wonderful to read Sr. Maria Lucia's own rendition of the story of the apparitions of Fatima. These children were so devoted and went through so much because they were chosen to hear this special message. They were very courageous and blessed. Anyone who wants to know more about Fatima should read this. Given the historical documentation of the "Miracle of the Sun," I suggest you read this book.

Lots of detail from Lucia about Mary's visions to the children that I didn't know before. Would be a good one to have in hard copy too since there are some prayers that were new to me that would be good to refer back to.
