Four Discs containing a total of 120 little songs for little souls. Given this is from Tyndale, I expected Bible songs - whether Scripture songs or ones about things that happened in the Bible. These were present, but there was more than expected of non-religious/Bible songs, notably on the last cd. Sadly, there are also songs that teach things from the Bible inaccurately (like Who Built the Ark? It counts up animals that came two by two, three by three, eight by eight, etc. Given we are specifically told in the Scripture animals came 2 by 2 except particular animals came in sevens I was very disappointed this song was included. A few other songs also have theological or accuracy errors.) There is also a LOT of crossover from 101 Color & Sing Bible Stories. Neither of these products tell you all of the songs you are buying, so I am listing all the included songs below. If it appears on 101 Color & Sing also I will put an * by the song. One song appears on two of these discs, I've marked them with an asterisk behind the song.
