I was agog at these lively biographies, and dazzled by the accompanying illustrations that seem to cartwheel, swim, pole vault, and double flip off the page. This is a book for girls who want inspiration on the

field, in the pool, or down the track. Itââ ¬â,¢s also for girls who arenââ ¬â,¢t sporty at all, but love stories of courage, perseverance, sass, doggedness, and fun. And donââ ¬â,¢t forget the boys, who will be riveted by these rollicking tales and who need to see that girl power has been alive and well for many years, and is alive and well today."â⠬⠜ Caroline Paul, author of The Gutsy Girl"Rachel Ignotofsky's delightful book renders the healthy pleasure of sports for girls and women in buoyant color and formâ⠬⠕from Bloomer Girls to Skate Bettys, in calf length skirts or disguised as menâ⠬⠕reminding us that no matter if you are nine or ninety-eight, the question to ask is, â⠬˜What is my next victory?ââ ¬â,¢"â⠬⠜ Mina Samuels, author of Run Like a Girl"What an inspiring book! Great read for children of all ages. Gives good details and is well written. Highly recommend.

I love this book, just as much as Women in Science! Great, inspiring and uplifting stories about women who have trail blazed and made a difference for all of us! Our 6 year old daughter especially loves the stories about women in swimming, because she currently wants to become an Olympic swimmer (move over Phelps!). Great books!

The illustrations in Women in Sports are beautiful and the stories are inspiring. This book is a must for any athlete, as it depicts strong women from diverse backgrounds who mastered their sports. In a world with so few representations of women who are successful athletes, this book is a total breath of fresh air, showing that anybody can achieve their goals and dreams if they work really hard. I really enjoyed learning more about athletes I'm familiar with and discovering new athletes too!

This Book Is Definitely A Favorite!!So Many Interesting Facts About All If These Tremendous Women Athletes Throughout History. Love $It\tilde{A}f\hat{A} \quad \tilde{A}_{\tilde{A}} \quad \tilde{E} \propto \tilde{A}_{\tilde{A}} \quad \tilde{A}_{\tilde{A}}$

This book is fantastic-- it is informative and the illustrations are wonderful. I highly recommend this book for all ages.

Good for anybody researching sports history!

I gave it as a gift to my niece and she couldn't put it down. She loved the stories and the illustrations, it was a huge hit!
