Product Dimensions: 0.5 x 8.8 x 10.8 inches

Shipping Weight: 1.6 pounds

Average Customer Review: 4.6 out of 5 stars 3 customer reviews

Best Sellers Rank: #1,362,058 in Books (See Top 100 in Books) #10 in Books > Travel > United States > Missouri > St. Louis #890 in Books > Reference > Atlases & Maps > Atlases & Gazetteers #1112 in Books > Travel > United States > Midwest

Customer Reviews

We recently moved from Portland, OR to the St. Louis area, and this Streetfinder has been indispensable. The map system is based on an Letter/Number coordinate system, and the information is up to date -- even some newer subdivisions are captured. We like to use it in conjunction with Microsoft MapPoint, to see if we can find a more efficient route than the one MapPoint recommends. Unless you know every square inch of the St. Louis metro area, this book is a handy companion that will give you the confidence to travel anywhere by car.

This map is easy to use and has many wonderful attributes. It covers the entire St. Louis area and vicinity, it graphically shows libraries, post offices, etc., has overall and page grids that help with location, a comprehensive index and colors that help you discern neighborhood streets from local expressways, etc. This is by far the best map I've seen for the area and everyone I've shown it to agrees!

This is a great reference source, paralleled by none. I first bought it when I moved to St. Louis about 1 year ago, and I still use it to look up little roads and streets. It is a faithful driving companion and has been in my car for over a year, and saved me from numerous episodes of being lost...
