We had the privilege to stay at the Fairholme Bed and Breakfast in Victoria B.C. The place is lovely with beautiful gardens and the most wonderful breakfasts. Sylvia was a delightful host. I have purchased several of her books to give as gifts. The recipes are amazing! My husband has made several recipes from the book...favorites are Fairholme Granola and Lemon Ricotta Pancakes.

Loved it, and it was great to meet Sylvia in person

Great book for breakfast and bunch ideas

I did not try to make recipes from this book yet, but they sound delicious and not very complicated. Four stars is because price is a little bit stiff for this size of book. It has only 144 pages.

I opened a B&B the end of 9/12 and am making gourmet breakfasts each morning for our guests. I have made numerous recipes from this cookbook and have always been more than pleased with the results and the dishes get rave reviews from my guests. I have probably used 12-15 of the

recipes so far. Even if I have never tried a recipe before I'm not afraid to try it on our guests because all the rest of the recipes have been perfect. Normally I would have to try it in advance. The pancakes, coffee cakes, scones and egg dishes are wonderful. The scrambled egg recipe is the best I've ever had and it's so easy. The creme fraiche and hollandaise sauces are very easy also. I highly recommend this cookbook. The directions are easy and the ingredients common to almost any grocery store so they are easy to obtain.

Purchased Sylvia's book while staying at Fairholme in 2011. I fell in love with all of the delicious dishes she created each morning and couldn't wait to try some of the recipes in my kitchen. One of my favorite dishes is the zucchini frittata, (I use whatever veggie is in season) - I recently made it with asparagus and it was just as delicious. I always have a batch of the Fairholme granola on hand (best granola I have ever tasted). Other favorites are: Fairholme berry muffins, crunchy raspberry/blackberry muffins & zucchini chocolate breakfast cake! Thanks for sharing Sylvia!

This book is beautifully photographed with easy to assemble and simple yet elegant meals. It is full of good ideas and wonderful inspiration for everyday breakfasts as well as for when you have house guests or company for brunch. The overall tone and visual appeal of the book made me feel as if I were on a weekend getaway, and definitely imparted the character of the B&B through its pages. Despite the fact that two out of three of the tested recipes fell short, I would still recommend this book as it is a good jumping off point for experimenting with your own ideas. The basics are all there, it just needs some tweaking.
