A very cute and fun coloring book suitable for adults and children. I love the pictures and that they

aren't super detailed.

I love Christmas so of course I love this coloring book!

The title fits this book perfectly. It is "Super Cute". All the pages are printed on one side. Each page has a border. The pages are not perforated but can easily be removed with a scissors or an X-acto knife. As with most coloring books you will have to put blotter paper or card stock between the pages if using markers. Colored pencils, crayons & gel pens are fine. I color just for fun & relaxation. For this example I used Copic markers. I made a copy on higher quality paper but did not remove the page, that is why you see a dark mark from my copier. Towards the back of the book there are bonus pages with samples for other books by this company as well as book markers you can color. I love this idea, as sometimes I want to see a page before buying the book. The art itself is whimsical & childlike which fits the Kawaii theme. It is detailed enough for adults but I could see young children loving this as well. I love how their are sweet treats mixed in to the designs. I plan on ordering more as this is my type of coloring book.
