## Customer Reviews

This is a must read for any Deadpool fan! Or, if you're a fan of any part of the creative team, you'll also enjoy this. I'm a big Cullen Bunn fan & a Deadpool fan so it was a win-win for me. It's a fun read in an alternate universe of Marvel comics. The story is very enjoyable & the art is fantastic.

Deadpool is awesome what can I say. This comic is a pretty quick read but a good read non the less. I do love the writing and the art. I will say that the ways Deadpool kills certain Marvel characters is awesome and pretty genius. I will say that I do hope they make this comic into a movie with Ryan Reynolds. Deadpool kills the Marvel Universe is great read and one many Deadpool fans should check out.

I thought this was great! Sure, it's not exactly a complex plot, but I enjoyed the premise and the artwork .

Wade is at it again with this epic installment of that what if feeling in this comic!

Great read and very entertaining almost as much as the movie. I bought this before the movie just now doing a review. Being a little lazy. But the product came on time and there were no issues with reading it from my phone. You will enjoy it.

I understand it's Deadpool kills... but it would have been nice if those victims "superheroes" he killed were at least more of a challenge. I think they demonstrated this, barely though, with Sue Storm and Spider-Man. Not great but okay for price.

Excellent service. I bought this book for my grandson. He loves it.

Deadpool Kills the Marvel Universe was a great read. Smart, well illustrated, and very bloody. However, things my fellow Deadpool fans should probably know is, it's not the same kind of Deadpool we know and love. It's different from most of the other Deadpool comics because our Wade Wilson has been brainwashed and in turn lost his comedic aspect. It's a very dark comic with only comedic relief toward the beginning before he's changed. In addition: when I, personally, saw the title "Deadpool Kills the Marvel Universe" followed by its enticing front cover of Deadpool with a bloodied blade and Hulk's head in his hands, I automatically thought that the whole thing would be him actually fighting and taking out each hero, one by one. Unfortunately, I was wrong. Although he does fight some of them face-to-face, Deadpool mostly kills his victims by catching them off guard, using science, magic, or some kind of contraption to kill them. And the ones he apparently did fight with are shown dead (decapitated, stabbed with knives, bloodied on the floor) but not the actual fight. He only truly fights two or three heroes. I was thoroughly disappointed in this but I have always wanted to know how truly deadly he is and this comic displays it. If you're looking for straight-up non-stop Deadpool vs. every hero one at a time, this isn't it. However, if you're looking for Deadpool outsmarting his opponents and fighting some of them, it's a great comic. As far as delivery, it didn't take terribly long to get here and the comic is in mint condition. Also keep in mind it is not the longest graphic novel out there. Easily finished in one sitting. Despite some flaws, I was entertained and I do recommend it.
