Gr 4-7 • Dreaming of her childhood friend Gozi, in which he appears as a hostile Egyptian god, Cleo is rudely awakened to face a dire situation. Octavian and an entire fleet of Xerx warriors surround the spaceship. Managing to escape, Cleo then devises tricky entry into the barbarous city of Hykosis, where she and Akila meet up with Antony, the sword thief. Forced to rely on one another, they warily join forces to find the time tablets Cleo needs. The tension among the three is readily apparent, although there are humorous and heartwarming moments, too. As with the two previous titles, the images, verbal sound effects, and enterprising plot create a rewarding comic narrative that weaves together the past and the future. Fans of Star Wars and Egyptian mythology will particularly enjoy this intriguing tale. VERDICT An exciting, humorous, and satisfying conclusion

to Cleo's fate. Purchase where previous volumes are popular. — Gaye Hinchliff, King County Library System, WA --This text refers to the Hardcover edition.

This third volume in the Cleopatra in Space series lives up the excitement introduced in the first two volumes. Once again, Cleopatra is out to take space by storm, but first she has to survive an attack by Octavian's fleet of ships. When she and her friends get separated, they set out to find the answers they set out to find on the planet of Hykosis. But they aren't that far ahead of Octavian and soon find themselves in more trouble than ever before. Maihack has created a really fun series with a great female lead. The other characters are important to the story, even seeming adversaries. The author even throws in some shocking twists that change the arc of the story in surprising ways. For young graphic novel aficionados this is a thoroughly engaging series with great characters and great plot twists. Highly recommended.

A lot of the puzzle pieces really start coming together in this one. Cleopatra just keeps getting better

and better. And did I mention the amazing sets/locations? Some of these pages you could look at for days and days. Mr Maihack's work is as stunning as ever.

My ten year old said this book was "Amazing! But sad too."She tore through it at lightning speed and is looking forward to Book 4.

My daughter is a huge fan of this action series starring a time travelling Cleopatra who is more Lara Croft than your typical princess.

The 9 year old loves this series.

Another great installment in the Cleo series. The characters are imaginative and the worlds have depth and whimsy. My son loves these books and adults can appreciate them as well.

My daughter love the Cleopatra book 1 & 2, when she knew the 3rd book was out, she had to get it and finished the book in one day.

Fun series. Looking forward to the next one.
