## Customer Reviews

I have read all of the Left Behind books, and now I am reading the Left Behind books for kids along with my 11 year old grandson. And I am really enjoying reading what the issues were for young people.

Brings a real reality to reality! There will be a rapture! After reading this you'll either be looking to the skies with great anticipation or preparing your heart so you can!!

;)

Jerry Jenkins has done it again! Just as I suspected, he created a whole new book for the series with a great plot and twists and turns! I cannot WAIT to read the next book, number 4!!!

Would recommend this book for adults as well as young people especially if your looking for answers in the Bible and what the Bible has to say about end times.

Though this book of the series was more adult oriented and might bother some younger people, it was a good read and unfortunately real life in a lot of big cities.

Left Behind the Kids is a wonderful book, and my kids loved it! Thank you Jerry B. Jenkins for writing this wonderful book. And thank you God. God, you have blessed me, and my children with this wonderful exciting book.

A must read for adults and children!
