Braids, Buns, And Twists!: Step-by-Step Tutorials For 82 Fabulous Hairstyles

Synopsis

Top knots, Heidi braids, French twists, oh my! Chic hair is all the rage from the runways to the blogs to the city streets. This book pulls together 80 classic and contemporary styles and provides step-by-step tutorials for each one. Trendsetters from teens to professionals will love mixing up the looks for parties, the office, a casual beach day, or an elegant night out. Simple how-to illustrations take the guesswork out of styling, while glossy fashion photographs demonstrate how to tailor and accessorize each 'do. With advice for different hair types and lengths plus product tips and fun variations, *Braids, Buns, and Twists!* is the must-have beauty resource for showstopping hair.

I originally saw this book in December at a high-end stationer and thought it would make a cute stocking-stuffer for the ladies in my family. The book is divided into chapters: buns, ponytails, braids and up-dos. Each page offers a different style of braid, ponytail, bun, etc. complete with pictures,

illustrations and text. Some of the styles are elaborate but due to space on the page, the styles suffer from an accurate amount of directions to complete the style quickly. The tutorials are great at mentioning what styling product works best with each type of hair and the buyer should note that specific tools are used to make certain hair styles: a topsytail tool, bun or "donut", specific bobby pins, hair ties, etc. so the buyer may want to consider grabbing a few of these items at a beauty supply store to make this gift the complete package. The book is a paperback book with a durable, hardcover and measures approximately 9" x 7" with close to 200 pages. Please note: I saw this book for \$19.95 at a stationary shop and was able to purchase it on .com for about \$12.00 the week before Christmas (with free, Prime shipping). It certainly pays to do your comparison research!

This has some very cute and different hair styles featured. The only problem is that you really do need someone to help you complete the different styles. Only three or four of the Braids, Buns, and Twists are possible to complete by yourself. This is a good book if you have several friends over and can help each other.

This is a book that I was thrilled to find before going to my brother's wedding! I didn't really know how I wanted to do my hair, but I definitely wanted it to be elegant! I chose a French Twist, & it looked AMAZING! I added pearl Bobby pins to the twist, & it was decidedly elegant!

This is a fantastic book and it has been able to inspire me to create even more hairstyles. Four stars mainly because I think you really tend to need longer hair to get the more interesting braids done with proper effect, but it is still plenty useful if you're short-haired working on a friend's/client's longer tresses.

So this book is just a compilation of hairstyles. The author does not actually do these styles or have real pics to demonstrate how-to. In fact, several of the pictures in this book are from a different hair book by Abby Smith (who does her own photos, hair, and step-by-step picture demonstration). Very disappointing book. I advise everyone to buy one of Abby's books.

Great book. Bought it as a Christmas gift for my 13 year old daughter. She loves it!

So cute!! Many of the hairstyles are easy but some of them are pretty tricky. I have been practicing every morning and I have gotten a few of them down! It is a well made book with pictures and

instructions...perfect for a girl with long hair and no hair talent. hahahah

"Braids, Buns,.. " is perfect for anyone needing a little updo inspiration. As a hairdresser, I keep the downloaded version on my ipad to show clients, along w/other stylists the how-to's.
