# How To Escape The Rat Race: Four Keys To Acquire The Life Of Your Dreams

## Synopsis

My name is Sherry Peel Jackson and I'm a former IRS agent and a retired CPA and Certified Fraud Examiner. I've been teaching about finances for over 30 years, and have seen the results of the vicious cycle called "the rat race" – mental breakdowns, broken marriages and even suicide. I've even seen people resort to crime, such as embezzlement, just to get relief from the drudgery of the race. Of course there's a better way. There are many financial gurus out there who tell you all the wrong ways to escape the rat race. They've told you to do everything from get an extra job to sell your house and live in a commune. Many of you have followed their advice but it didn't free you from the race. When the market crashed in late 2008, millions of people lost over half their savings and retirement funds. Over ten trillion dollars in savings was transferred from the middle class to the ultra wealthy. That event sent thousands of people into a tailspin that will have them running the rat race for the rest of their lives, and even thousands more had to delay retirement or return to work, because they weren't preparing themselves to get off at the next exit ramp. They listened to traditional advice from traditional financial "experts" and they lost their shirts, literally. Wealthy people have escaped the rat race. Do you want to escape? Here's where you learn how. The wealthy people that I interact with haven't followed traditional methods in decades. Some of them never followed the television guru's at all. They don't invest in the traditional manner that we've been taught via main stream media. In this book I will show you the steps to get off at the next exit ramp. You'll learn how to be financially free by decreasing your expenses and increasing your income. You'll also learn the proper way to save for future purchases and to invest so that you will have resources in your latter years. You can be out of the rat race in as little as 2 or 3 years if you prepare and follow a plan. You'll also learn how to help others escape with you.
