great

I bought this as a gift and haven't heard back but I'm sure it is helping. A combination dictionary and thesaurus is always handy to have and Webster's is the only one to choose!!

This a great addition to any student's education. It allows students to increase their vocabulary. It is designed in a way that is easy for students to use, since it is similar to the dictionary.

This book was purchased for my granddaughter and it is perfect for her needs. She is in the 4th

grade and is used all the time and will be used throughout her school career.

This went along with the Dictionary very nicely. Perfect for my 6 & 8 yr old who continually use the same words in their writings!

My daughter-in-law requested this on her Christmas wish list and it was a joy to find it at a reasonable price on .com.

It has many of the words a 4th grader needs. However, it is somewhat limited on the words though. It's more like an extremely abridged thesaurus rather than a student's thesaurus.

These have really enhanced my students vocabulary knowledge, hence their comprehension. The price was right.
