Acing Tort Law (Acing Series)

Synopsis

This study aid features an innovative method of content organization. It uses a checklist format to lead students through questions they need to ask to fully evaluate the legal problem they are trying to solve. It also synthesizes the material in a way that most students are unable to do on their own, and assembles the different issues, presenting a clear guide to procedural analysis that students can draw upon when writing their exams. Other study aids provide sample problems, but none offer the systematic approach to problem solving found in this book combined with concise analytical summaries of the leading issues in tort law.

Best Sellers Rank: #95,562 in Books (See Top 100 in Books) #22 in [Books > Law > Business > Torts](#) #1047 in [Books > Textbooks > Law](#)

Customer Reviews

This is a great supplement for the 1L year. All of the "Acing" books are well written, concise, and matter of fact. The entire series follows along with the general curriculum of classes (keep in mind that every professor teaches in the order he/she feels is best). This Torts edition is no exception, it is not exact to the book my professor teaches, but it is a solid supplement to the themes and material taught in the course.

This book is not a good source for Tort Law for first semester law students. It barely touches on the Intentional Torts and Defense. Most of the book focuses on second semester Tort Law. Maybe by then, I will need it. Save your money on this one.

So many typos it is unreal. I am shocked that the spelling and grammatical errors were never

caught. Overall the book did help.

Good supplement book. It is not complete, but it clears things up and gives you something to base your class notes off of

Excellent study guide. Helped me understand the subject matter so well, I got an 'A'.

The checklists are especially helpful and a welcome addition to our text and lecture material.

Only 4 stars because the content wasn't what I thought it would be. The actual transaction with the seller was great!

love this series
