A Strange Hymn: The Bargainer, Book 2

Synopsis

Siren and soulmate to the King of Night, Callypso Lillis survived the clutches of Karnon, the mad king, and his twisted prison. But the nightmare isn't over. Callie wears the physical reminders of her time as a captive, and mounting evidence suggests the Thief of Souls is still out there. When a fae celebration thrusts Callie and her mate, Desmond Flynn, into the Kingdom of Flora, they take their investigation with them. But under the bright lights and striking blooms of the realm, they find there are more immediate issues to deal with. No place is more uniquely savage than the great fae halls, and no amount of bargains can save Callie from royal intrigues. Fairies play dangerous games. Some want love, some want vengeance, some want flesh, and some want things too unspeakable to utter. One thing is for sure: no one is who they appear to be. Not even Des, who only grows more enigmatic with every passing secret. But the Kingdom of Flora has its own secrets, from bleeding trees to branded slaves and missing guards. Something is stirring in the land of all that grows, and if Callie isn't careful, it will claim everything and everyone she loves - and her along with it.

Best Sellers Rank: #14 in Books > Audible Audiobooks > Romance > Fantasy #114

in Books > Literature & Fiction > Genre Fiction > Horror > Dark Fantasy #191 in Books >

Audible Audiobooks > Fantasy

Customer Reviews

Wow, I was completely blown away!! The story immediately grabs you and pulls you in, taking you on an adventure full of more twists that'll keep you guessing until the end. Thalassa also does an extraordinary job creating such realistic and endearing characters that you can't help but connect with. The one-liners and Callie and Des' bantering were highlights of the book for me and the balance between action, mystery, and romance was perfect. I highly recommend it for those looking

for a darker, paranormal read.

Love, action, romance and mystery. This one has it all! Callie and Des do not disappoint. I love their connection and their adorable banter. I really enjoy how Des doesn't coddle Callie and treat her like a child. He treats her like his real equal while also being loving and protective. Dropped a star because Callie's insecurities could get real annoying sometimes. She was constantly putting Des on this pedestal while dumping all over herself. Still an amazing story though! Laura's writing style is superb!

Engaging as all hell! I loved Des and Callie. Their relationship was loving, romantic, erotic and dark. Seemingly a strange combination of traits but they really just did it for me. And then the mystery of the sleeping soldiers and demon children, ugghh. Talk about giving me the heeby geebies!! I love a great mystery and love it even more when it comes together. It's going to be a long wait for A Dark Harmony!

I don't know why it took me such a long time to get into this book! Intense from start to finish, but still crazy funny. Didn't know quite what purpose Temper served, as it likely would have been a different outcome at the end of the book had she been involved in the fight. Maybe she will be more involved in the next book, which I cannot wait to read.

I've obsessed over this book, been stalking it's release. Now that I have read it I'm sad I have to wait for the next one. I don't think Mrs. Thalassa realizes the withdrawal and panic we as readers go through when we have to wait for the next book or realize a series is ending. Why does this series have to be this good?

Her world is painted beautifully and it transports the reader to that world. You no longer see the words, but are living them. I cannot wait for the final book in the series. I feel so vested in the lives and fates of her characters that I'm not sure if I'll be ready to let them go. Ms. Thalassa manages to make this book extremely erotic, magical and poetic at the same time.

I loved the first book. I mean five stars worth of love. This one while good, did not bring the same. I'm hoping this story does not drag out in many installments. Somehow I feel like it could diminish what started as an incredible book.

I fell in love with the first book, but if I could give the second book more stars, I would. The storyline is magnetic, with tension, mystery, and romance on every turning page. Des and Callie are one of my favorite dynamic duos. The ongoing mystery in the Otherworld has started to come to a head, and I can't wait for the next installment. Must read!
