The Southerner's Cookbook: Recipes, Wisdom, And Stories

Synopsis

From *Garden & Gun*—the magazine that features the best of Southern cooking, dining, cocktails, and customs—comes an heirloom-quality guide to the traditions and innovations that define today's Southern food culture, with more than 100 recipes and 4-color photography throughout. From well-loved classics like biscuits and fried chicken to uniquely regional dishes such as sonker (Piedmont, North Carolina's take on cobbler) or Minorcan chowder (Florida's version of clam chowder), each recipe in *The Southerner's Cookbook* tells a story about Southern food and its origins. With contributions from some of the South's finest chefs, a glossary of cooking terms, and essays from many of the magazine's most beloved writers, *The Southerner's Cookbook* is much more than simply a collection of recipes: it is a true reflection of the South's culinary past, present, and future. Named one of *Eater's* Best New Cookbooks for Fall 2015. Selected as one of *Vanity Fair's* "18 Best New Cookbooks."

Customer Reviews

"Who better than the folks at Garden and Gun to gather this new generation of Southern food culture in one lovely volume? *The Southerner's Cookbook* offers traditional recipes, essays, and a full glossary of terms that might fly right by those of us who grew up elsewhere. (Edible Upcountry) "[Garden & Gun's] first dedicated cookbook is a culinary cross-section of the modern south, drawing recipes everywhere from tiny fried-chicken

joints to the meticulous tweezer food of the region's highest-end restaurants. (Eater

If your from the South, or simply wishing you were Southern, this is a must have cook book. Each page is a story of Southern food and charm. Not to be missed, the pot of green beans that are cooked for over two hours.....sounds odd right?.....they are just like Grandma used to make on a wood fired stove. Get off your wallet and get this book, and while your at it, a subscription to *Garden & Gun* will go a long way in making your conversion to "Southern" complete. Now kindly pass the Shrimp and Grits.....

This is just an awesome cookbook from cover to cover! The stories are as beautiful as the pictures. While the essays are great and the recipes are spot on, I am also very appreciative of the fact that this cookbook educates the reader as well. I know what part of the pig the hamhock comes from now?!! Laugh if you will, but it's true this cookbook taught me that. If you're a southerner like myself, then you will feel right at home. If you're not, then this cookbook poses as a great opportunity to get yourself acquainted with the south and the delicious cuisine it has to offer.

I am not from the South. I live in Southern California, but my boyfriend is from the South and he will be living in California much to his dismay. To brighten up his spirits I bought this cookbook to "Cook our way to the South". The directions are helpful and concise, and the pictures are great too. I like

how they tell a little story of where the dish came from. You need real pots and pans for these recipes folks! It would have been nice to see a picture of every recipe in the book. I suppose that's what google is for. Just buy it, you won't regret it .

as a subscriber to the magazine for a long time, and reading about the dishes in many of the issues, it was a treat to purchase the cookbook which is filled with great stuff. if you like southern cooking and are adventurous this is the book for you. everything from start to finish including many favorites like pimento cheese and shrimp and grits. worth the price for sure

lots of good reading about the history of a lot of Southern foods... not really a recipe book

Well written and nice pics. Fun to read. Excellent recipes. Each one that's been tried has turned out nicely.

My mom is from Louisiana, my dad from Texas, and I'm a proud Georgia Peach. I know what good southern food tastes like. I've made about half a dozen of these recipes so far and I haven't been disappointed yet. Everything has been absolutely delicious. When I eat this food, I'm transported back to the Sundays of my childhood when my parents would treat us BBQ on the back porch or a meat 'n three style dinner at the local diner. Now in a different city, I've been hunting high and low for some good fried chicken only to constantly be disappointed. I made this book's recipe and WOW, I couldn't believe my first attempt would come out that good. Everyone at the table was salivating and I ran out of pieces too quickly. People were grabbing a 4th or 5th piece because it was too good to stop. If you want to cook authentic southern food, this is the cookbook for you. The recipes are so classic that I know I'll be pulling out this book on Sundays for my kids for decades to come.

Love this book! It's like having the wonderful food prepared by all the women in my family beautifully laid out in front of me, with maybe a few special tricks to make these dishes even more special.
