In "Winning with Watercolor," artist Trevor Waugh reveals the secrets of creating watercolors that are visually exciting and full of atmosphere. He identifies the five key skills and qualities that he believes you should look for in successful watercolor painting--large washes, transparency, wet-into-wet, soft darks and lights, and bold brushwork--and fully explains how these can be achieved. Above all, he stresses the vital role of color and light. With expert advice on techniques, sketching, color, and composition, the book also includes: useful checklists highlighting points to remember when painting specific subjects; a discussion of popular subjects, including landscapes, flowers, figures, and animals; step-by-step paintings of a variety of subjects; and a lavish selection of the author's own stunning work. --This text refers to an out of print or unavailable edition of this title.

Trevor Waugh studied at the Slade School of Fine Art in London and is now an established artist who runs successful painting workshops and holidays. Apart from his original watercolours, Trevor Waugh's work is also known to a wide market through his greetings cards, prints and other merchandise.

I am a big fan of Trevor Waugh's work. Discovered him on YouTube, so I bought this book. A solid book on the basics. His first book. It has a number of demos in it and I have already painted several. A good book for the novice, even a beginner.

A good balance of well crafted paintings balanced with the step by step instructions that will bring you up to his level. After being in the doldrums for a bit I picked up this book and found myself raring to get going again. Everything he does looks good and feels accessible. Whether you want to do figures, animals, flower studies, landscapes, whatever, this book will get you going.
