Scorpion Mountain (Brotherband Chronicles Book 5)

Synopsis

From John Flanagan, author of the worldwide bestselling *Ranger's Apprentice* -- an all-new adventure featuring the Brotherband crew and one of our favorite Rangers! Hal, his Brotherband crew, and the Ranger Gilan have freed the twelve Araluens sold into slavery. Returning to Araluen, Gilan is given a new mission by King Duncan: protect his daughter's life. Princess Cassandra has survived one attempt on her life already, and now whispers of a second attempt have reached the kingdom. A deadly sect known as the Scorpion Cult is thought to be behind the assassination threat. Not waiting to see if the knife will strike true, the Brotherband again team up with Gilan to track down the would-be killers. In this fifth book in the Brotherband Chronicles, old friends reemerge to take on new enemies as the worlds of *Ranger's Apprentice* and Brotherband join forces in battle!

Customer Reviews

This is my favorite of the Brotherband series so far!! I love that it brings the Brotherband characters

into the Ranger's Apprentice World. It made me so happy because I miss Araluen and the Rangers, and the intersection of the two worlds was well executed. My only complaint about the Brotherband series is that it goes over too many details about the changing of sails, etc, every time. I don't mind it once in a while, but it starts to wear a little thin. That being said. I am really enjoying this series, too, as the mother of two boys who introduced her to the Ranger's Apprentice. RA is still by far my favorite of the two, but this one is fabulous in its own right.

This is definitely an amazing book. It's got just the right amount of humor, peril, and genius to make it an interesting read. I love the characters' personality. They're all slightly unique in their own way. I do wish that in the next book that the Heron crew meet Will and Halt and Horace. It would really improve the storyline. (If you're reading this, John A. Flanagan, please take this suggestion into consideration. Thanks!) Except for that small note, this is an overall enjoyable book.

This is a very amazing series I love this Arthur he knows how to put humor into a very intense action pack book. I read many books but this one is one of my favorites

My 13 year old grandson LOVES all of Flanagan's books. This was the last series of Flanagan's he's read and thought it just as great as the Ranger series. He re-reads them.

I love John Flanagan books. They are exciting, challenging, YA they all have strengths and weakness in the characters. I look forward to reading the new books as soon as they come. for all ages.

Good read.

Another great addition to the series. Would recommend. For 8 and up loved it a lot can't wait for the next book
