The Titanic: Lost And Found (Step-Into-Reading, Step 4)

Synopsis

Titanic. Just the name evokes tales of the doomed ship that have captivated people of all ages for more than 100 years. Early readers will enjoy this exciting account of the world's most famous disaster-at-sea and the discovery of its remains many years later. Step 4 books are perfect for independent readers who are confident with simple sentences and are just starting to tackle paragraphs.

Age Range: 7 - 9 years

Grade Level: 2 - 4

Customer Reviews

"Exciting nonfiction books for kids just beyond the beginner stage can be hard to come by, and the story of the sinking of the Titanic and its subsequent rediscovery will be the ticket for both hard-to-please young 'real stuff' buffs and older reluctant readers. The descriptions of the ship and action are clear, facts are accurate, and the watercolor illustrations convey the high drama of the sinking. A must."--School Library Journal

Illus. in full color.

My grandson loves this book. He is obsessed with the Titanic.

I love these series. But most important that my son does. I got 40+ books and he loves to read them (usually it is not that easy to make him read). I got mix of 2-3-4 levels for the second grader, second level is too easy, but it creates some fun and he reads them with pleasure. Love it, I would recommend it.

Way too advanced for my Second Grader but it was worth the try and he now enjoys reading this book.

the pages were already falling out of the book the first time we opened it.

This book is very good to teach the children the true history of the unsinkable Titanic. There are also some interesting and sad facts that I don't remember seeing in the movie.

Kids will love this book if they are into the Titanic.

I purchased this as a gift for my niece and she loves it!!! :)

Handled difficult subject matter really well for a younger audience. My 2nd grader is VERY emotional and she made it through without breaking down. Very well handled.
