Lost Ocean 2017 Wall Calendar: An Inky Adventure And 2017 Coloring Calendar

Synopsis

Johanna Basford's amazing 2013 bestseller Secret Garden fueled the adult coloring craze, selling an unprecedented number of copies. It was born out of the self-described "ink evangelist's" passion for the hand-drawn line and its inherent sense of energy, which is impossible to duplicate via computer-generated graphics. Her initial bestseller was quickly followed by two more as her fan base and the coloring phenomenon grew. Along the way she's lent her art to such corporate clients as Starbucks, Absolut Vodka, and Chipotle. No matter where it's encountered, her art evokes fancy in the viewer, inviting closer inspection of its hidden intricacies. Waves of calm will greet users of this spiral-bound calendar each month as a different image from Johanna Basford's best-selling Lost Ocean offers them the chance to creatively color or just lose themselves in the amazing art. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

This is a nice calendar but the pages are a little too glossy for my pencils to color easily. I found myself pressing harder than would be ideal and also getting some hand cramps. The illustrations are very nice, though there is a decent amount of white space around each picture. I don't know how it will look finished, but if you wanted to color the background I imagine it would take awhile.

Looks quite good, since the intricate images are a little magnified, I think it will be easier to color. I haven't tried to color it yet, but mostly I'll be using color pencils. I saw other reviews about bleeding

through on use of markers, so not sure if I'll be using markers on these.

Got one last year, I like this one even more as there is spiral rings on this one and it makes it easier to work on since you can fold up the calendar part out of your way. Good card stock paper, I use marker, doesn't bleed through.

I love this calendar. It has the major holidays and moons and of course tons of pics to color and have fun!!

Great book

Haven't had time to color but I love that it's not glossy paper so I can write on it with any type of pen and erase it if I write with a pencil.

The calendar itself is great, mine arrived with water damage to half of it. Less great...

Beautiful, intricate designs on sturdy paper that is perfect for coloring. After the month is over, you can keep your poster and frame it too.
