With a career spanning over twenty years, Diego Jourdan Pereira is an award-winning multidisciplinary artist and writer. Renowned for his work on licensed properties (such as Casper, Donald Duck, Grumpy Cat, LEGO, Regular Show, Teenage Mutant Ninja Turtles, and Toy Story), his clientele includes Corel Corporation, DC Comics, DC Thomson & Co., Dover Publications, Skyhorse Publishing, The Topps Company, and other companies across the globe. A published non-fiction author, Diego has written two books, "Al Servicio del Comic Internacional" and "¿Gana Dinero Ilustrando! (Lo que no te gusta)", as well as articles about his craft for Colored

Pencil Magazine.

Grumpy Cat has such a cute little face, I knew that I would have fun coloring in a book dedicated to her. While I'm sure Grumpy Cat is a sweet kitty, her face seems to show superior attitude all of my cats have exhibited towards me over the years. I've had cats as pets for most of my adult life and recently lost my last kitty to old age at age 19 years. I miss my little friends from over the years and coloring kitties is my way of remembering them. Grumpy cat is the central theme of each of the designs. In some designs, there are abstract elements that surround her. They kind of remind me of a Klimt painting (another favorite of mine.) Other designs have an element or two which are floating around her in multiples. Some of the elements include sushi, junk food, fruit, and even calendar days showing Monday. The designs are not intricate but they are detailed and include abstract parts that you have to concentrate on to color. I had a lot of fun coloring my first project which was one of the ones that seemed a little more abstract in nature. This is what I experienced while coloring in this book and testing my coloring medium on the paper. In the comments section below, I will list the coloring medium I used for testing this book and which I usually use for coloring in my books.³¹ Grumpy Cat Designs with lots of doodle embellishment Printed on one side of the page Paper is medium weight, white, lightly rough and perforated Glue bound but you can easily remove pages at the perforation at perforations Designs stop before the perforations Alcohol and water based markers bleed through to some degree Gel pens and India ink pens leave shadows of color on the back of the page Coloring pencils work well with this paper. Both wax and oil based pencils lay down good color, layer and blend well. Hard lead pencils leave dents on the back of the page. I usually take my pages out of these books for coloring. I suggest that or that you use a blotter page of card stock or several sheets of heavy weight paper to keep ink from seeping further into the book.

I absolutely love this coloring book. I am grateful that the artist who created the art for me to color is a true artist! He also does a great job playing homage to some famous artists, such as Klimt. Of course, he does a great homage to Grumpy herself, who I just adore. My only complaint is that the paper is a tiny bit thin and some markers bled through. Be sure to put a piece of paper behind whatever you are coloring to make sure this doesn't happen. 10 stars for the art. :)

Really, I'm a total Grumpy Cat fan, and this coloring book is awesome, showing Grumpy Cat in any number of situations that make her look even more adorably disgruntled. I'm having a total blast with this book! Plus the pages are perforated, so when I finish a picture it's easy to tear out for proud

display on the fridge. I'm almost finished it, actually, so I'm hoping to find a new Grumpy Cat coloring book on the market soon. Yes, you should absolutely get this book!

The designs in this thing are great! I bought one as a gift and loved it so much, I immediately got one for myself. Ugh. It's disgustingly cute. The pictures are pretty detailed, adorable, and creative. The pages are a good weight and single-sided so you can go to town with the gel pens and not worry about seepage. I don't get seepage for the most part (some gel pens will seep through, but it's OK because it's single-sided). I haven't tried coloring with pencils, but it's probably just as awesome as with gel pens. Just flipping through this book makes me smile. Also, the pages are perforated, which makes it easy to tear them out cleanly. Yay!

Great fun with Grumpy Cat! A great gift!

Adorable.. what I was looking for... the pictures are one sided... lots of design ... I use colored pencils so this was perfect for me.. the pages are perforated as well I am using Prang Pencils most pics are like the one I have added

Purchased for my daughters birthday its simply amazing and fun to color!

arrived today! super awesome and funny, cant wait to gift it to my daughter!
