Bisco Hatori made her manga debut with *Isshun kan no Romance (A Moment of Romance)* in *LaLa DX* magazine. The comedy *Ouran High School Host Club* is her breakout hit. When she's stuck thinking up characters' names, she gets inspired by loud, upbeat music (her radio is set to NACK5 FM). She enjoys reading all kinds of manga, but she's especially fond of the sci-fi drama *Please Save My Earth* and *Slam Dunk*, a basketball classic.

I loved the anime so I decided to try the manga too and it's been great so far. Only concerns are there was a crease on the front cover. It's no biggie it's just kind of bothers me. Also kind of wish

customer service was better since I had tried to cancel this order so I could buy this with something else so I could get it cheaper and it took 2 days for them to respond and during that time they shipped the book so I couldn't cancel it. :/ But, I've just decided to keep it and shipping was pretty good. Other than that this is a great series and I feel really bad saying bad things about it because it truly is amazing, they just needs to work out some kinks in a few places.

5 stars for the book but its hard to read manga on the kindle sometimes so, there are so many smaller words so I have to keep on zooming in and than waiting for the picture to clear. Kind of annoying when you have to do this with every page so I think I may refrain buying manga on Kindle now.

I loved this series and the books are just as entertaining. I watched the entire series in just a couple of days cause I could stop watching them so I started purchasing the books and was doubly entertained. In those times I just need to laugh, I open one of these books up on my reader.

this was a gift for my best friend and it was great. saying that i have the whole series this has come better than any packaged book i got. 10/10 seller, thank you! :)

Love It

If one has watched the anime, this entire book is in the series. I personally took the time and decided to read through the early books anyway. I'm glad I did! There are details that were changed, and the timeline is slightly different within the manga. That detail helped the entertainment level to still be high, even though the chapters' stories I already knew. This book was enough to get me hooked, and now I'm getting into the part of the series only the readers will be able to enjoy. Now to mention the bonus chapters that pop in and out of the series! Wonderful manga; humorous, fun, and a touch of drama here and there!

If you're a fan of Walt Kelly's "Pogo," you will probably love to read the Ouran series, as many of the characters seem to parallel Kelly's denizens of the Okefenokee. Haruhi is the analog of Pogo himself, the quintessential everyman. Tamaki is a far more suave version of Albert Alligator, certain the world revolves around him. Hikaru = Howland and Kaoru = Churchy...they stick together to create schemes and havoc all around them! I'd have to put Hunny as an equivalent to Rackety

Coon Child, who takes advantage of his cuteness to get what he wants (including getting out of trouble)! Kyoya is the manipulative but friendly Seminole Sam, always out to make a buck. The atmosphere of a rich kids' high school provides a lot of opportunity for comic relief. The disparity between the common folk and the rich folk ditto. I really love this series and it constantly makes me laugh out loud. Honestly, Pogo is one of the best, and to read Ouran with these parallels in mind catapults Ouran to the top of the manga heap and beyond.

I loved the anime series, so I decided to start the Manga. The book is amazing and I've already bought the second one. I had no problem with rips or scratches on the cover and it's a great product overall.
