I am very unhappy with this purchase. The CD-ROM was in terrible condition with deep black marks all over the surface. Just as bad, this CD-ROM is incompatible with the Windows x64bit software system. I will have to return the CD-ROM to Mandala Publishing for a version that works with my very standard software system. Mandala Publishing requires that I send them a check for six dollars to cover their return shipping expenses to send me a clean and appropriate CD-ROM, something they should have done in the first place. I will revise this review if I get timely and appropriate service from this publisher. Beware! This publisher has no real quality control.
