TEXTBOOK ONLY.Good condition!!May present Minor or HEAVY shelf wear.Great customer service!!

excellent book well written. excellent service

Excellent for review problems.

Bought this book to help with my daughter's online schooling. Very happy to see it was the same edition that the Tecca Connexus Academy was using! Book is in great condition as listed .

There's lots of stuff. There's also stuff in here that should be explained a little better. I tried learning from reading this and sometimes I would get confused but that's where a teacher comes in or reading it over and over helped some too.Good textbook, my highschool uses it.

sorry I am a foreigner,and my english is not really good .but however ,this physics book is perfect,I

love it! thank you very much!

Good high school physics textbook. Much nicer price compared to newer version.

Good alternative to the book.

Very satisfied with my purchase. I will buy from you guys again.
