Expiation - The Whisper Of Death: (The Touched Paranormal Angel Romance Series, Book 4). (A Gothic Romance Based On A Norwegian Legend.)

Synopsis

One great sacrifice will end it all—but can true love ever be forgotten? Prepare yourself for a journey with no return. How can you look forward to the future when you know your days are numbered? Gemma has asked herself that every night since making her fateful pact with Sophfana, queen of the underworld. Three days after giving birth to her child, Gemma must return to Hell and be transformed into a Witch, erasing her past and surrendering herself to Evil. This is the price she's agreed to pay in exchange for bringing Evan back to life and ensuring the safety of their child. Evan, however, refuses to accept her agreement. He's convinced that together, they can overcome this new challenge. His deepest fear is different: he knows the Angels of Death will do everything they can to kill Gemma before she becomes a Witch. Pursued by unrelenting danger and dark secrets, Evan and Gemma ready themselves for the ultimate bloody battle to defend their love. How far will you go to save the person you love?

Customer Reviews

I loved all three previous books and was so excited to read this final book. I was so disappointed at

the start of this book, it was page after page of sex and I found myself skipping to get back to the story. At the start of the book there just didn't seem to be a story and to me it felt like the characters of Evan and Gemma had changed and that the author was trying to write a book filled with sex just to get readers. It didn't work, it actually spoiled what had been a great series. The love between Evan and Gemma had been built and it was perfect until this book when their whole entire relationship revolved around sex. There were no conversations every scene that featured them in the first part of this book was sex and it was unnecessary. Once Gemma changed and they couldn't have sex, the book took off and I enjoyed it. This entire book was better when both main characters were apart as there was story to be told, there was action, there was the emotion that gripped me in the first three books. It's a pity the author felt the need to fill this book with sex. It should have stayed true to the first three books and then it would have been the perfect end for the perfect love.

I was so excited for this book to come out. But then it downloaded and I gobbled it up in less than 24 hours. It takes awhile for the story to spool up. But when it does, good luck trying to pry your eyes away from it. I thought the first books were emotional? Ha! They were a walk in the park compared to this. The rollercoaster of emotions is a violent one in this last installment of Elisa's Touched series. So make sure you have read the first books, get in a good comfy position and make sure you have tissues ready. Why didn't I mention having a drink while reading? Because you will need more than one after finishing this book. Although this book was amazing. I just can't believe it ended this way. I believe this book had greater potential than what it did. Personally I was a little let down by it. So much was overlooked in my eyes. But it is what it is. I hope that any spin offs of this series is looked at more closely. I will state again that this book was good. It just felt rushed in to many areas and in the end it just fizzled.

I have no words for the amount of emotion that I feel right now. This book, the last for Gevan, was well written and kept my eyes glued to the words while my heart was filled with emotion. Everytime you think that something's going to happen that you can predict it takes a sad twist that will leave you trying to hurry towards the finish and praying for a happy ending. Out of this series this by far is my favorite. In this book alone you see them grow from young love birds to devoted parents. You feel their pain along with witnessing how it pushes their personal growth. "He's crazy and she's out of her mind" was the perfect phrase repeated through out this book. I cannot wait for the spin off that I know will be even better. This was a welcoming distraction from regular vampire loves weak human stories. This showed sacrifice on both sides, by everyone. Ginevra, Simon, Drake, Stella,

anya, Gevan, and even poor little Liam. A great read that jumped to number one in my favorites collection next to Acheron by Sherrilyn Kenyon. This author is now one of my favorites. The way she built the characters and their personalities all the while showing their growth is amazing and hard for even the most seasoned writers. Fantastic job! Cons: It did take a while for me to get into it. In the beginning all they cared about sex but I soon realized that maybe the author was doing that because of Gemma's nature of being a witch was affecting Evan. A lot of it is rushed. Certain parts should have been longer and more in depth. Especially Peter's and Liam's parts. They were just accepted without a second thought. It kind of throws Gemma and Evan into the Selfish Category. It was like they were willing to give up everything including their son in order to be together. That's twisted. The ending of the book definitely outweighed the cons which is why I gave it 5 stars but I hope that the spin off whom I'm guessing is with Liam will be better and more thought out. The final books in every season is usually rushed because the writers are desperate for everyone to see their ending but she missed really big opportunities rushing this one. Hopefully she gives Peter his own book after casting him aside in this one.

Evan, Gwen, Simon and Drake have vowed to keep Gemma safe from the Masala and safe from the witches. Their love transcends time, heaven and hell. They lose Drake when he is taken out, then impersonated by one of the Children of Eve. But can Evan save her, even as she promised to return to hell three days after the baby is born? *The Whisper of Death* is the climactic conclusion to a love story beyond your imagination. I will not disclose specific things from the book, but I can tell you that you will need a box of tissues, and something to beat as you read each chapter. I love Evan and Gemma, and the book brings the characters to life with each turning of the page. The ending brought tears to my eyes, as I was sure I would die from disappointment. But then I continued to read, and elation sprang into my face. Read on my friends. You will not be disappointed.

I am speechless.. I can't even come up with the right words to express how I feel about this book.. I mean the whole series was one of the best I ever read, but this last book is by far one of the greatest I have ever read in a very long time.. I laughed, I yelled and I got happy and sad but most of all I cried my heart out because my emotions were all over the place.. I recommend this series to everyone who loves to read a good strong love story as well as love suspense, action and just great characters that will keep you reading their story and feeling everything they are feeling and more.. Oh and I can sense another great story on its way.. Thank you so much Elisa S. A more for an awesome story that will stay with me for a very, very long time..
